

Secondary Equipment Request

Below is the equipment we will be requesting on the April 26, 2010 Board Agenda. This equipment is for PLTW at each high school. It will include the replacement of two current PLTW labs at each high school and the addition of a 3rd PLTW lab which each high school indicates is needed due to enrollment and course offerings. We will reutilize the equipment in the four current PLTW labs elsewhere in the secondary schools. Doing this allows us to have one computer model across the 6 PLTW computer labs that require the same software. The Community Committee has endorsed this expenditure.

Dell OptiPlex 780, 2.93GHz Intel Core 2 Duo E7500 CPU; 2GB RAM, Win7 Pro w/XP Pro Downgrade; Intel 4500 Graphics; 160GB Hard Drive; 8X DVD+/-RW w/Roxio and Cyberlink PowerDVD; 19" WideScreen Flat Panel Monitor with Speaker-Bar, 3-Yr Onsite Warranty, Keyboard, Optical Mouse.	\$798.00	132	\$105,336.00
