

Community Engagement Comments **Worthingway Middle School**

March 5, 2019

General

1. Ask for student desires.
2. Encourage District and design team develop District philosophy for sustainability and communicate to the community.

Site

1. Desires walking and bike paths. Add at southeast entrance.
2. Keep bikers and walkers in mind at every entrance.
3. Create safe way for students to cross to neighborhood.
4. Concerned with height of two story height at addition given proximity to residences.
5. Desired length of two story addition be shortened or extended to the south.
6. Concerned with light coming from inside from west addition to nearby residences.
7. Be sensitive to neighbors in terms of grade change along the west side, storm runoff. Consider retention of storm water, permeable pavers, bio swales, rain gardens, vegetative roofs, etc.
8. The west addition needs to step down or first floor needs to be lower than gym.
9. Consider permeable asphalt for car parking spaces.
10. Add speed bumps at north drive.
11. Be sure to replace basketball courts displaced by addition.
12. Address memorial trees.
13. Keep rock.
14. Relocate solar panels.

Floor Plan

1. Desire daylighting in every room, including small conference and workrooms. Possibly glass above doors.
2. Desires auxiliary gym.
