March 2019

Worthington Kilbourne Parents and Guardians:

I am pleased to inform you that we will be implementing a new **visitor check-in system** at WKHS that will be both easy to use and enhance the safety of our students, faculty and staff. School Safe ID will require all visitors to present a valid driver's license or state-issued ID. The system will compare the visitor's name and date of birth to the national database of registered sex offenders. This new system will be in place the last week of March.

School Safe ID will be managed through a kiosk in the front office as you enter through the Visitor Entrance (Student Services). Visitors must scan their valid state-issued ID, and once approved, the visitor will be issued a badge that identifies his or her name, and purpose for visiting the school. The system will only record the visitor's name and date of birth. No additional data from the driver's license or state ID will be entered into the system. Should a visitor not have a valid state-issued ID, he or she will not be permitted to continue into the school without an escort. Visitors will not need to use the system should they simply need to drop off something in the front office.

The first time you check in through the School Safe ID system, you will have the option of entering your cellphone number to receive a digital pass for faster check-in in the future.

School Safe ID is being paid for through funds dedicated to school safety and security. While this new system may take a few more minutes of your time to check in to the school, we know you will agree that the safety of our students, faculty and staff is of utmost importance. Thank you for your support.

Sincerely,

Aric Thomas, Principal
