

Curriculum Liaison Council
 Worthington Schools
 April 14, 2021 Agenda
 Zoom Meeting

Curriculum Liaison Council - 6:30-8:00 p.m.
Meeting Dates: October 7, December 2, February 10, April 14 via Zoom

Role of the Council Members:

- ❖ Provide representative input to identify key issues and/or topics impacting the quality of education provided to Worthington students.
- ❖ Serve as a key communicator in conveying information from their building to the Council as well as information from the Council to their building.
- ❖ Provide input in developing parent and community engagement opportunities.
- ❖ Be familiar with the district website, key contacts, and other sources of information regarding curriculum, programs, funding, and buildings.
- ❖ Attend all meetings.

Guiding Principles:

- ❖ Be respectful of the time. Arrive on time, start on time, end on time, make good use of the time.
- ❖ Represent your building voice rather than individual issues or concerns; share what you learn.
- ❖ Be present, both physically and attentively.
- ❖ Be engaged.
- ❖ Listen.
- ❖ Share and allow others to share.

CLC Team Members: Please type your name in the last column if you are attending the Zoom meeting. Thank you!

Minutes

Angie welcomed everyone to the zoom meeting. An overview of the agenda was shared, and it was shared with the council that at the end of the meeting, Angie would be asking for feedback on meeting structure, content, and proposed topics for next year. Angie along with members of AAPL shared the following:

“BRIDGE to Achievement and Well-Being”

[Points of Progress](#)

Over the past few months, prior to the Governor’s April 1st deadline announcement that all districts must complete a Post-Pandemic Recovery Plan, we (Westerville, Grandview, Upper Arlington, Dublin, and Hilliard) began talking about what this might look like. In working through these conversations, we determined there were opportunities for collaboration among local school districts.

Some of our shared priorities were that our recovery work had to focus not only on academics but also on mental health; that data had to drive our decision making; that while we could create the strategic approach, each district would have to be responsible for the local implementation; and that we had to work in collaboration with our Boards, our teachers, and our community partners.

We landed on a strategy, which we have branded as BRIDGE, that focuses on four points of progress: 1. Social-Emotional Well-Being 2. Academic Achievement 3. Culture and Climate 4. Equity and Accessibility.

We believe that leveraging these four points of progress ensures that we will take a holistic approach to commit to capturing lost learning opportunities within a diverse group of students and scenarios, while always recognizing mental health impacts.

There are endless opportunities for all districts to collaborate and to learn from each other under the BRIDGE banner.

After sharing the BRIDGE process and document, Angie took our CLC through the state-mandated [Post-Pandemic Extended Learning Plan](#) that was due on April 1st to The Ohio Department of Education. This document is also posted on our District Website. As Angie scrolled through the document, she continues to reference the 4 points of progress in BRIDGE. The entire plan was shared with much more time being spent on our intentional efforts to build upon our already established Summer School Program.

Additional Information that was not shared at our CLC meeting: Summer 2021 Partnership with the Worthington Resource Pantry - Volunteers Needed

The Worthington Resource Pantry is running programs on June 11, 18, and 25 at

- *Colonial Hills Elementary School (9-11:30)*
- *Liberty Elementary School (8:30-11)*

- *Slate Hill Elementary (9-11:30)*

WRP is partnering with community groups including the Ohio Wildlife Center, the McConnell Arts Center, and local fire departments (a magic show!) to provide immersive experiences for students participating in the building-based intervention programs in these schools. Additional activities will include games and crafts.

We anticipate participation from approximately 50 students at each site and are seeking volunteers who are willing to interact with the students and help keep activities moving. [Click here](#) If you are interested in volunteering.

At the end of the presentation, Angie asked for feedback on the AAPL's Team work with BRIDGE and the PLAN and/or suggestions for future meetings.

Feedback included:

- Thanks for your transparency.
- The CLC meeting really helps to keep us informed and provides a great avenue for us to share your work with our building PTO/PTA's.
- Summer School questions, including a specific question about Speech, Registration, and Math.
- Thanks for the wide variety of options you are providing for our students.
- We feel very fortunate to get to meet with your entire AAPL Team...I feel valued by each of you.
- I appreciate your engagement in our PTAC district meetings as well.
- Is there a plan to alter the school calendar for next year? Not at this time.
- As you think about CLC and other parent meetings next year (such as PT Conferences), please consider Zoom/remote options for us.

Angie shared her gratitude for the feedback and encouraged CLC members to sign up again next year. "Just because this is the last meeting of the school year, you may continue to reach out if you have questions, concerns, or thoughts about the structure of our team as we plan for next school year. I appreciate you and your involvement...you make us better."
