Worthington School Board, 200 E. Wilson Bridge Road (Room 101 A/B)

Refreshments Provided

For more information: 614-501-6264

Please join the Worthington Schools, parents, community leaders, educators, persons in recovery, veterans, family members, providers, students and others in an interactive discussion to reduce stigma and improve mental health care in communities across Ohio.

Our goal is to talk about mental health - in a safe and welcoming environment - and to recommend priority strategies and actions to improve the lives of those living with mental health issues, especially among returning war veterans, youth and young adults on building communities of wellness. This community event is part of a national effort to help Americans and communities move beyond stereotypes and stigmas, toward solutions that improve our mental health and mental health care systems.

Community Conversations about Mental Health will also be held in: Columbus, Reynoldsburg and Grove City. For additional information, contact Rachelle Martin, National Alliance on Mental Illness of Franklin County, 614-501-6264 or Joseph Hill, ODMHAS, 614-752-9702, joseph.hill@mha.ohio.gov.
