November 16, 2020

Dear Parent(s)/Guardian(s):

As previously communicated earlier this year, College Board has made some changes and improvements to their program. One major change is the registration timeline for AP exams. In years past, students began registering for their exams in January. **The initial registration period was August 31st through October 30th.** For those who registered during that time, thank you for your participation in the AP Program. *If you successfully completed both steps in the process, signing up and paying in My Payments Plus and setting up an account with College Board and joining corresponding course code, there is nothing further you need to do at this time.*

Families may still register for AP Exams during the late registration window until FEBRUARY 26th The fee for each examination is now **\$140.00**. Your child may qualify for a free or reduced exam fee if they currently qualify under the federal lunch program (**See Bulletin, page 2.**) You would need to have completed a waiver form when you applied for free/reduced lunch in order to qualify. You may contact your child's guidance counselor for a copy of the waiver if you did not complete it with your original application for free/reduced lunch. Please return the form to Gifted Services, Worthington Schools, 200 E. Wilson Bridge Road, Worthington, OH 43085.

ALL AP registrations must be completed on-line by FRIDAY, FEBRUARY 26th. No exams may be ordered after FEBRUARY 26th (per College Board guidelines).

Please note: Registration for AP Exams is a two (2) step process.

Step 1: If your son/daughter is planning to take one or more of the examinations, they will need to join their AP course code in their College Board account. This code will be given to them by their AP classroom teacher.

Step 2: Please register on-line by logging into your My Payments Plus account at www.mypaymentsplus.com. You will need to create an account if you have not already done so. Once logged in, follow these steps:

- At the top of the Dashboard, please click on AP exams.
- Select the exam(s) you would like to register for, agree to the terms and select the exam date.
- This will add the exam to your cart, and you will then pay any applicable fees.
- **BE SURE YOU RECEIVE A CONFIRMATION SCREEN FOR YOUR EXAM REGISTRATION.**
 - If you do not have a confirmation, then your registration did not go through

If you would like to register for multiple exams, you will need to complete the process above for each exam.

Students **must** have a College Board Account in order to take the exam. This is how exams are ordered from College Board once students have signed up and paid for their exams through My Payments Plus. If your child has not created an account yet, please visit www.collegeboard.org and create an account ASAP.

After creating a College Board account, students **must join** their AP course on the College Board Website to enroll in the course. **See AP Teacher for course code.**

**If your child already
has a College Board**

account but cannot remember your password, you may try to reset online or call College Board at 888-225-5427.

Additionally, you must also log-in to register and pay for AP Exams through My Payments Plus.

ACCOMODATIONS: The deadline to submit applications to the College Board for special accommodations is **January 15, 2021**. You must contact the counseling department at your child's school about the process to request special accommodations if your child's disability impacts his/her participation in standardized testing. The College Board [Services for Students with Disabilities](#) approve the requests **NOT** Worthington Schools. If your student has been approved by the College Board for testing with accommodations, please attach a copy of the College Board letter you received listing the accommodations granted. **Also check mark the box on the registration form asking for accommodations.**

Students are required to take exams at specifically scheduled nation-wide times. Early testing is not permitted under any circumstances. Under special approved circumstances, defined by the College Board below, an exam may be administered at a later date using an alternative form of the exam.

College Board recognizes there are situations that arise that may require a student to participate in late testing. Below are the circumstances when late testing is allowed without incurring an additional fee of \$40/exam:

- Academic Contest/event
- School Athletic contest/event
- Conflict with IB exam
- Conflict with nationally, province-, or state-mandated test
- Disabilities accommodations issue
- Emergency: bomb scare or fire alarm
- Emergency: serious injury, illness or family tragedy
- High school graduation
- Religious/holiday observance
- School closing: election, national holiday, or natural disaster
- Strike/labor conflict
- Student court appearance
- Two AP exams scheduled on the same date at the same time.

Any other reason will incur an additional \$40 fee. For the 2021 testing dates ONLY - Students will receive a refund for any test ordered and not taken. Also, as a result of College Board's updates to its program, **no** stand-by testing will be permitted.

PLEASE NOTE: Late testing will occur May 18 -21, 2021.

Lastly, students will not be permitted to bring any personal items into the testing room (backpacks, phones etc). They will be permitted to bring pencils/pens/erasers/calculators/snacks as needed for their exams.

Students will receive further information regarding specific exam times, room locations and schedules at a later time.

Parents or students having questions about the examination should contact their Advanced Placement teachers.

Sincerely,

Suzanne Palmer
