

Frequently Asked Questions about the Feeder Pattern Committee

What is the purpose of this group? The Community-led Task Force recommended that a separate committee examine the feeder patterns and make recommendations that would keep elementary students together as we balanced the high school enrollment.

How was the committee formed? Each principal recommended one or two representatives and invitations were sent out to one of the representatives they recommended. We also invited a representative from other district committees such as Key Communicators and the Task Force. The President of the junior class from TWHS and WKHS also participated.

Who are the committee members? A list of committee members is [posted on this webpage](#).

What has been decided? Students from Slate Hill will be attending WKHS starting in the fall of 2021. In addition, the committee released their top two draft plans for middle school reassignment.

What criteria was used to make this decision? The committee prioritized racial and socioeconomic balance, transportation costs/distance and capacity for students.

What is next? After hearing feedback for the last few months and receiving the most current enrollment projections in October, the committee will now determine which elementaries will attend Perry Middle School and what other changes in middle school assignments should occur in the fall of 2021.

When will this decision be announced? The committee should make a recommendation in December of 2019.
