

2020-2021

Instructional Fees

The Worthington School District asks parents to contribute a little more than other residents for the cost of educating their children. There are additional costs for reading and math materials and other consumable supplies that are used in areas such as art, math, science and handwriting. The fees vary by grade level, as the types of materials are different.

The money collected for these materials will be deposited in a school supplies fund that serves your school. These funds will enable us to provide your child's teacher with materials for the classroom.

The fee schedule for 2020-2021 school year is below. Fees should be paid by November 1st.

Kindergarten = \$24 | Grades 1, 2 & 3 = \$42 | Grades 4, 5 & 6 = \$36

You may pay your child's school fees with a credit or debit card using **MyPaymentsPlus (MPP)**. Instructions for MPP are listed below. You may also write a check made payable to *Worthington Park Elementary*. Please be sure your child's name and "school fees" are on the memo line so we may credit the correct account.
