## ARTICLE 2

### MANAGEMENT RIGHTS (BOARD OF EDUCATION RIGHTS)

- 2.1 The Board hereby retains and reserves unto itself, except as limited by the specific and expressed terms of this Agreement and law, all powers, rights, authority, duties, and responsibilities conferred upon and vested in it by the laws and the Constitution of the State of Ohio, including, but not limited to, Chapter 4117 of the Ohio Revised Code, and of the United States, including, but without limiting the generality of the foregoing, the right:
- (a) To the executive management and administrative control of the school system and its properties and facilities.
  - (b) To hire all employees, and, subject to the provisions of law, to determine the qualifications and the conditions for their continued employment, of their dismissal or demotion, and to promote, and transfer all such employees.

- 3.2 No member shall be required to become a member of the Association or any other employee organization as a condition for securing or retaining employment with the Board.

## ARTICLE 4

### **ASSOCIATION ATTENDANCE AT PUBLIC BOARD MEETINGS**

- 4.1 The Association shall designate one of its members to be in attendance at all public Board of Education meetings for the purpose of representing the views and positions of the Association and not those of individual members. This person shall be provided a copy of all notices of meetings, enclosures, addendums, agendas, and all other documents provided to board members for such public meetings. Such material shall be placed in a designated mail slot provided for such designee in the administrative offices and shall be placed there at the same time said materials are delivered to Board of Education members. The only exclusion to this provision is any document which cannot be provided without violating applicable law or is only for executive session.
- 4.2 The Association's designee may state the Association position in all Board discussions in keeping with that meeting's agenda items.

## ARTICLE 6

### **ASSOCIATION PARTICIPATION AT PROFESSIONAL MEETINGS**

- 6.1 The Board recognizes that there may be times when the President of the Association or his/her representative(s) needs to participate in professional activities of the Association during the regular school day.

- 6.2 The Superintendent shall grant Worthington Education Association representatives up to a total of twenty (20) days per school year. The absence will be granted without loss of pay and shall not be charged to sick or personal leave.
- 6.3 The Superintendent shall be notified in writing prior to the requested date for leave for such activities. When possible, this notification will be made at least five (5) calendar days in advance.
- 6.4 The Association may place its meetings on the Professional Development Calendar maintained in the central office on the same basis as any other group or committee.

## ARTICLE 7

### **FAIR SHARE SERVICE FEE**

- 7.1 Each bargaining unit member who is not a member of the Association by the sixtieth (60th) calendar day after his/her initial employment with the Board shall pay a service fee by payroll deduction. The amount of the service fee shall be deducted by the Treasurer without written authorization and shall be remitted to the Treasurer on the same basis as authorized dues deductions. The fee shall represent that portion of Association dues allocable to negotiating and administering the collective bargaining agreement and shall not exceed one hundred percent (100%) of the unified dues of the Association.
- 7.2 The Board Treasurer shall issue a check to the Association's Treasurer each month with a list of those persons for which the deductions were made and the amount deducted for each member.
- 7.3 The payroll deductions shall be in eight (8) equal installments. If there are not eight (8) payroll deductions remaining in the year, the unpaid balance shall be deducted in equal installments. A Fair Share Service Fee may also be paid in cash to the Association in full by November 1st of each year.
- 7.4 Payroll deduction of such fair share fees shall begin at the last payroll period in January except that no Fair Share Fee deductions shall be made for bargaining unit members employed after October 31 until such bargaining unit member has been employed sixty (60) calendar days.
- 7.5 If a member's employment ends, if he/she goes on an unpaid status before all eight (8) deductions have been made, or if there are not eight (8) payrolls remaining in that school year, the unpaid balance will be deducted from his/her final payroll check for that school year. If the amount of the last payroll check is insufficient to cover the balance of the fee due, collection of any remaining amount shall be the Association's sole responsibility.
- 7.6 Full-time bargaining unit members employed after the first semester of each school year who are members of the Association and its affiliates or non-members subject to the Fair

Share Service Fee under this article shall pay no more than fifty percent (50%) of the regular Association membership dues.

- 7.7 The Association represents to the Board that an internal rebate procedure has been established in accordance with Section 4117.09(C) of the Ohio Revised Code and that a procedure for challenging the amount of the representation fee has been established and will be given to each member of the bargaining unit who does not join the Association and that such procedure and notice shall be in compliance with all applicable state and federal laws and the Constitutions of the United States and the State of Ohio.
- 7.8 The Association shall notify each non-member of the Fair Share Service Fee prior to October 1 of each year. Upon timely demand, non-members may apply to the Association for an immediate advance reduction of the Fair Share Fee pursuant to the internal procedure adopted by the Association. The advance reduction shall be the proportionate amount of monies expended for partisan political or ideological purposes not germane to the Association's work in the realm of collective bargaining.
- 7.9 No member of the bargaining unit is required by this Article to become a member of the Association. Any person who objects to paying the Fair Share Service Fee because of religious beliefs as provided in Section 4117.09(C) of Ohio Revised Code shall be exempted.
- 7.10 This article shall remain in effect as long as the Association maintains membership of sixty percent (60%) or more of the eligible members of the bargaining unit as determined by October 30 of each school year for the duration of the contract.
- 7.11 The Association agrees to defend and indemnify the Board for any cost, demands, claims, suits or liability incurred as a result of the implementation and enforcement of this provision provided that:
  - (1) The Board shall give written notice within ten (10) work days of any claim made or action filed against the employer by a non-member for which defense and indemnification may be claimed;
  - (2) The Association shall reserve the right to designate counsel to represent and defend the employer;
  - (3) The Board agrees to (1) give full and complete cooperation and assistance to the Association and its counsel at all levels of the proceeding, (2) permit the Association or its affiliates to intervene as a party if it so desires, and/or (3) to not oppose the Association or its affiliates' application to file briefs amicus curiae in the action;
  - (4) The Board acted in good faith compliance with the Fair Share Fee provision of this Agreement; however, there shall be no defense or indemnification of the

Board if the Board intentionally or willfully fails to apply (except due to court order) or misapplies such Fair Share Fee provision herein.

## ARTICLE 8

If resolution is not reached at the building level then the member(s) has the right to place this professional concern in writing to the appropriate central office administrator. The Administrator shall respond to the member(s) in writing of his/her decision within ten (10) days. If resolution is not reached at this level, the member(s) has the right to place this professional concern in writing to the Superintendent within ten (10) days of receipt of the administrator's response. The Superintendent shall respond in writing to the member(s) professional concern within ten (10) days. If resolution is not reached at this level, the member(s) has the right to place this professional concern in writing to the Board of Education not less than ten (10) days before the next regularly scheduled board meeting. To the extent that the Board may lawfully do so, it will hear the concern in executive session and respond to the member(s) within twenty (20) days.

If no written response is received by the member(s) in the specified ten (10) day period or in the event of an unsatisfactory response, the member(s) has the right to proceed to the next level. If the concern is not advanced within the time levels provided it will be deemed withdrawn. The Association President or his/her designee will be notified of any professional concern not resolved at the building principals' level when the member(s) proceed past this level.

## ARTICLE 10

### NEGOTIATIONS PROCEDURE

- 10.1 Pursuant to section 4117.14(C)(1) and 4117.14(E) of the Ohio Revised Code, the parties have established the following mutually agreed upon negotiations and dispute resolution procedures which supersede the procedures listed in Section 4117.14(C)(2)-(6) and any other procedures to the contrary. Nothing herein shall be construed as to limit the rights of the Association set forth in Ohio Revised Code Section 4117.14(D) (2) after utilizing provisions of this article. This procedure shall remain in effect until amended or terminated by the parties and shall govern the negotiation of a successor agreement. Either party may propose changes to this procedure as part of their initial bargaining proposals pursuant to 10.5(a) below.
- 10.2 The scope of bargaining by and between the Board and the Association shall be related to matters of wages, hours, terms, and other conditions of employment and the continuation, modification, or deletion of an existing provision of a collective bargaining agreement.
- 10.3 (a) To "Bargain Collectively" means to perform the mutual obligation of the Board, by its representative, and the representatives of the Association to negotiate in Good Faith at reasonable times and places with respect to matters set forth in 10.2 above. This includes executing a written contract incorporating the terms of any agreement reached.
- (b) "Good Faith" shall mean that the Association and the Board be willing to honestly, freely, and openly discuss each other's proposals. Good Faith requires both parties to recognize collective bargaining as a process of sharing and reacting to each other's proposals. If a proposal is unacceptable to one of the parties, that party is obligated to give its reason(s) and/or offer counterproposals. The obligation to bargain collectively does not mean that either party is compelled to agree to a proposal nor does it require the making of a concession. By the same token, collective bargaining is a process to help promote stability in the relationship and a method of achieving some resolution of those patterns of concern.
- 10.4 The collective bargaining representatives of each party shall consist of no more than seven (7) individuals.
- 10.5 Negotiations Procedure
- (a) Pursuant to Section 4117.14 of the Ohio Revised Code, either party desiring to terminate, modify, or negotiate a successor collective bargaining Agreement shall

serve written notice upon the other party of the proposed termination, modification, or successor Agreement. The initiating party must serve notice not less than ninety (90) calendar days prior to the expiration of the existing Agreement.

- (b) The initiating party will offer to bargain collectively with the other party for the purpose of modifying or terminating the existing Agreement, or negotiating a successor Agreement; and will notify the State Employment Relations Board (SERB) of the offer by serving upon SERB a copy of the written notice to the other party and a copy of the existing collective bargaining Agreement.
- (c) Upon receipt of the notice specified in 10.5(a), the parties shall enter into collective bargaining.
- (d) Meetings shall be held at the reasonable request of either party, however, the initial meeting shall be held not later than seventy-five (75) calendar days prior to the expiration of the existing Agreement.
- (e) The parties shall continue in full force and effect all the terms and conditions of the existing collective bargaining Agreement, without resort to strike or lock-out until the expiration date of the collective bargaining Agreement or any mutually agreed extension thereof.
- (f) All proposals for negotiations shall be complete and in writing and exchanged at the first collective bargaining meeting between the parties, unless mutually agreed to otherwise.
- (g) Those Articles in the existing collective bargaining Agreement which are not proposed to be modified or terminated by either party shall become a part of the next collective bargaining agreement.

#### 10.6 Negotiations Responsibility

- (a) Either party may call upon a professional or lay representative to make presentations of reasonable duration to the other party during negotiating meetings concerning matters then under discussion.
- (b) All negotiating meetings shall be private and closed to all parties except the negotiating teams and any consultants and observers admitted pursuant to 10.6(a) and 10.7(f). There shall be no releases to the media or releases by public electronic media concerning any aspect of negotiations unless by mutual agreement.
- (c) In a timely fashion the Board shall furnish to the Association, upon reasonable request, information in such form as it exists, which would assist the Association in making proposals for negotiations including, but not limited to, information

about operating levies, enrollment, budgets, and other financial data of the school district. The Association shall furnish to the Board's negotiating representatives, upon reasonable request, information in such form as it exists, that would assist the Board in analyzing Association proposals.

#### 10.7 Negotiations Process

- (a) Upon the request of either party, the negotiation meeting shall be recessed to permit the requesting party an opportunity to caucus. The caucus shall be limited to a reasonable length of time.
- (b) Requests for information from either team during negotiations shall be made through the respective negotiation representatives.
- (c) As negotiation items receive tentative agreement they shall be reduced to writing and initialed by the chair of each party. Each party may determine the number of matters included in an "item."
- (d) When an agreement is reached on all issues proposed, each party's negotiation representatives shall respectively urge and recommend the adoption of such Agreement which shall be reduced to writing and submitted to the Association membership for approval. If approved, the Agreement shall be submitted to the Board for approval at the next regular or special meeting of the Board. When approved by the Association and the Board, the Agreement shall become a binding collective bargaining Agreement between the Association and the Board and shall supersede any Board policy, rule, or regulation that may conflict with any term or condition of the Agreement.
- (e) Approval by either the Board or the Association occurs when a majority (50%+1) of the members of each of the parties votes in favor of the Agreement. Otherwise the tentative Agreement is rejected.
- (f) The Board and the Association may admit observers to negotiation meetings. Observers are to retain the confidentiality of the negotiations process. Each party may have up to three (3) observers attend negotiation meetings. The Board observers are restricted to present/elect Board members and supervisors as defined in Article 1 of this Agreement. The Association observers are restricted to members of its bargaining unit as defined in Article 1 of this Agreement.

#### 10.8 Inability to Reach Agreement

- (a) If agreement is not reached within forty-five (45) calendar days of the first collective bargaining meeting in lieu of requesting the State Employment Relations Board to intervene as provided in Section 4117.14(C)(2), the parties agree to submit a joint written request to the Federal Mediation & Conciliation Service (FMCS) for a mediator to assist the parties. Upon mutual agreement, the

parties may request mediation from an alternate mediation service. Nothing herein shall prevent the parties from mutually agreeing to continue negotiations without mediation assistance.

- (b) The mediator shall have the authority to hold bargaining sessions and to confer with any persons deemed necessary to resolve the impasse. The function of the mediator shall be to offer suggestions, ideas, concepts, impressions, etc., for the purpose of moving both parties to a negotiated agreement.
- (c) If agreement is not reached on unresolved issue(s) by the tenth (10th) calendar day prior to the expiration of the existing agreement or any mutually agreed extension thereof, the Association may give a written ten (10) day notice of an intent to strike to the Board and to the State Employment Relations Board (SERB) in keeping with Section 4117.14(D)(2) of the Ohio Revised Code.
- (d) Nothing herein shall be construed to prohibit the parties at any time from mutually and voluntarily agreeing to submit any and all issues in dispute to any alternative dispute settlement procedure.

## ARTICLE 11

### **CONFLICT WITH LAW/STATE MINIMUM STANDARDS**

- 11.1 Except as specifically provided otherwise in this agreement, if any provision or application of this Agreement between the Board and the Association is found to be in conflict with law or state minimum standards adopted by the State Board of Education, then such provision or application shall not be deemed to be valid and subsisting except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.
- 11.2 If a court or regulatory/administrative agency with proper jurisdiction determines that any provision or application of this Agreement is in conflict with law or state minimum standards, either party may request in writing that negotiations be opened, but only with respect to the provision or application declared to be in conflict. The parties shall meet to attempt to renegotiate said provision within thirty (30) calendar days after receipt of the request unless mutually agreed otherwise.

## ARTICLE 12

### **PRINTING OF THE MASTER AGREEMENT**

At the conclusion of negotiations, the Board shall publish the Agreement on the District website. The typing, compilation, preparation and reproduction of the Master Agreement shall be the responsibility of the Board.

In addition, the President of the Association shall be provided fifty (50) hard copies and these copies shall also be at Board expense.

## ARTICLE 13

### **GRIEVANCE PROCEDURE AND STEPS**

#### 13.1 Definitions

- (a) A "grievance" is an alleged violation, misinterpretation, or misapplication of the Master Agreement between the Board and the Association.
- (b) A "grievant" may be a member, a group of staff members, or the Association.
- (c) The "immediate supervisor" shall mean that non-bargaining unit member who has immediate administrative line authority over the affected grievant.
- (d) "Days" shall mean contract days during the adopted school year. During the summer vacation, such "days" shall mean weekdays (Monday through Friday), excluding legal holidays.

#### 13.2 Rights of the Grievant and the Association

- (a) A grievant at his/her request may be represented by the Association at all formal and informal steps. The Association shall have the opportunity to be present at all grievance meetings including those during which grievance adjustments are discussed.
- (b) The purpose of this procedure is to secure, through the lowest level administrator having authority to resolve the grievance, an acceptable solution to the grievance. The parties agree that grievances will be kept as confidential as is appropriate and processed as expeditiously as possible.
- (c) The Board through its administrative staff will provide the Association all available pertinent data and material requested by the Association to permit the processing of a grievance in a timely fashion.
- (d) A grievant may withdraw a grievance at any step without record. Once withdrawn, the grievant is barred from re-filing that grievance.
- (e) Unless part of a settlement or by direction of an arbitrator's award, no grievance form(s), record, document, or communication arising from a grievance shall be placed in the personnel file of any participant involved in the use of this

procedure. No reprisal shall be made against any party involved in the use of this procedure.

### 13.3 The Procedure

#### (a) Informal Procedure

A grievance shall be verbally presented to the grievant's immediate supervisor in an attempt to resolve it. Prior to the presentation of a grievance, the grievant shall inform the immediate supervisor that he/she is presenting a grievance at the informal step to provide adequate time for the grievant or the immediate supervisor to notify the Association so that appropriate Association personnel are afforded the opportunity to attend such meeting.

#### (b) Formal Procedure

##### STEP I

If the grievance is not resolved to the satisfaction of the grievant by the informal procedure, the grievant may further pursue the grievance within thirty (30) days after the grievant knew or should have known of the act or the condition upon which the grievance is based by submitting a formal written Grievance Form, Step I (see Appendix A) to the Superintendent's designee and to the Association's Grievance Committee Chairperson. Within five (5) days after receipt of the Step I form, the Superintendent's designee shall meet with the grievant. The Superintendent's designee shall write a disposition of the grievance by completing the Step I form and returning a copy to the grievant, the Association's Grievance Committee Chairperson, and the Superintendent within five (5) days after such meeting.

##### STEP II

If the grievant is not satisfied with the written disposition at Step I, the grievant may appeal the grievance to the Superintendent within five (5) days after receipt of the Step I written disposition by submitting a Step II form (see Appendix A) to the Superintendent and the Association's Grievance Committee Chairperson. Within five (5) days after receipt of the Step II form, the Superintendent shall meet with the grievant. The Superintendent shall write a disposition of the grievance by completing the Step II form and returning a copy to the grievant, the Association's Grievance Committee Chairperson, the Superintendent's designee, and the immediate supervisor within five (5) days after such meeting.

##### STEP III

If the grievant is not satisfied with the written disposition at Step II, the grievant, with the concurrence of the Association, may propose that the grievance be

submitted to mediation. Such request must be submitted to the Superintendent or designee within five (5) days after receipt of the Step II written disposition, by submitting a Step III form (see Appendix A). The Superintendent or designee may propose that the grievance be submitted to mediation by written request to the Association not later than ten (10) days after delivery of the Step II written disposition. The Association President or designee will meet with the Superintendent or designee within five days of a request for mediation to establish mutual consent to mediation. If there is no mutual consent to mediation, the grievance may be advanced to Step IV. If there is agreement to mediation the parties will request the Federal Mediation and Conciliation Service to appoint a mediator. If reasonable mediation does not produce a mutually acceptable agreement, the grievance may be advanced to Step IV by submitting a demand for arbitration within five (5) days of the final day of mediation, as provided in Step IV.

#### STEP IV

With the concurrence of the Association, a grievant may appeal a Step III grievance disposition by having the Association submit a demand for arbitration form to the American Arbitration Association (AAA) within five (5) days after the later of: (1) the Step II grievance decision, (2) refusal of either party to participate in requested mediation at Step III, or (3) completion of mediation without settlement of the grievance. A copy of said demand form will be sent to the Superintendent at the same time as the original is sent to AAA. The arbitrator will be selected in keeping with AAA's voluntary rules and regulations, except that either party may request a second list of arbitrators. Once the arbitrator has been selected, he/she shall proceed with the arbitration on the grievance in accordance with the current Voluntary Labor Arbitration Rules of the American Arbitration Association.

The arbitrator shall hold the necessary hearing promptly and issue the award within such time as may be agreed upon. The award shall be in writing and a copy sent to all parties present at the hearing. The award of the arbitrator shall be binding on the Board, the Association, and the grievant.

The arbitrator is specifically prohibited from making any decision which is inconsistent with the terms of this Agreement, which alters or amends this Agreement, or which is contrary to law.

The costs and expenses of the arbitrator and the fees of the American Arbitration Association shall be split evenly between the two parties.

#### 13.4 Time Limits

- (a) The number of days specified at each step in this procedure shall be the maximum. The time limits specified, however, may be extended by written agreement of the grievant and the appropriate administrator.
- (b) If the grievant does not file a grievance in writing within thirty (30) contract days after the grievant knew or should have known of the act or condition upon which the grievance is based, the grievance shall be considered waived.
- (c) If a decision on a grievance is not appealed within the time limits specified at any step of this procedure, the grievance shall be deemed resolved on the basis of the written disposition of that step.
- (d) Failure at any step of these procedures to conduct a meeting or to communicate a decision on the grievance within the specified time limits automatically entitles the grievant to proceed to the next level unless the time limits are extended in keeping with 13.4(a).
- (e) If a grievance appears to arise from the action or inaction of an authority higher than an immediate supervisor, if it affects a group or class of members, or if it affects the Association, it may be initiated at Step II.
- (f) Except at the arbitration step, each meeting held pursuant to this procedure shall be conducted at a time and place mutually agreed upon by the grievant and the appropriate administrator. Each meeting will be held at a place which will afford a fair and reasonable opportunity for all persons entitled to be present to attend.
- (g) All notices of hearings, dispositions of grievances, written grievances, and appeals shall be in writing and hand delivered to the appropriate party or designee.

#### 13.5 Application of this Procedure

Nothing contained in this procedure shall be construed as limiting the individual rights of a member or the Association having a complaint or problem to discuss the matter informally with members of the administration through normal channels of communication, to seek legal redress under any applicable law, or to seek other redress in keeping with any applicable rule or regulation established by the pursuant to Chapter 4117 of the Ohio Revised Code. However, this procedure shall be the sole and exclusive method of resolving complaints within the definition of "grievance." In the event that proceedings are initiated before any court or administrative agency involving an issue which is also the subject of a pending grievance and which involves the same persons as those affected by the grievance, the grievance shall be stayed pending resolution of the legal proceedings.

## ARTICLE 14

### REDUCTION IN FORCE (RIF)

14.1 When the Board of Education determines it necessary to reduce the number of certified positions for reasons set forth in the Ohio Revised Code, lack of funds<sup>1</sup>, or for necessary programmatic reasons, the following procedures shall apply:

- (a) To the extent possible, the number of members affected by a reduction in force will be minimized by not employing replacements for employees who retire, resign, or whose limited contracts are non-renewed for reasons other than reduction in force.

The Association will make every effort to encourage members to notify the office of the Superintendent/designee in writing of their intent to request leave, retire, return from leave or resign.

- (b) To assist in minimizing the number of suspended contracts the posting of vacancies shall occur after assignments and transfer changes have been completed.
- (c) Reductions needed beyond those available by attrition will be made by suspending contracts. Full-time and regular part-time members whose contracts are being considered for suspension shall be notified at least ten (10) calendar days prior to formal action by the Board. Those contracts to be suspended will be chosen as follows:
  - (1) Those members subject to this Article, pursuant to the provisions in Article 1, will be placed on a seniority<sup>2</sup> list for each teaching field for which they are properly certified.<sup>3</sup> Members serving under continuing contracts will be placed at the top of the list, in descending order of seniority. Members serving under limited contracts will be placed on the list under continuing contract members, also in descending order of seniority. If a member under a limited contract at the time of the Board action to suspend his/her contract subsequently is granted a continuing contract prior to the actual effective date of the suspension, the RIF list shall be revised and the member will be included among those with continuing contracts. The Board shall revise its action on the RIF if necessary to reflect the member's obtaining continuing service status.

---

<sup>1</sup>Lack of funds and/or the necessary programmatic reasons will be verified and is also subject to challenge in accordance with Article 13.

<sup>2</sup>As defined in Section 38.1(c).

<sup>3</sup> Wherever in this Agreement the term "certification" is used to reflect teacher qualification standards established by the Ohio Department of Education, such term shall mean and include teacher licensure standards as well.

- (a) All certified members employed in non-public schools before January 1, 1992, will be protected by this Article. Non-public certified employees employed after January 1, 1992, will be exempted from the provisions of this article if it becomes necessary to reduce the number of positions in non-public schools.
- (2) Factors other than seniority, i.e., affirmative action and applicable Federal and State regulations, may be used to determine those affected by a reduction in force if it is clearly demonstrated by the Board that the use of such a factor is necessary and could not be met by strict adherence to seniority.
- (3) If two (2) or more members are equal in seniority, the following criteria will be applied in lettered sequence until the tie is broken. The more senior member is:
  - (a) The one who has the greater number of years (including approved leaves of absence and time spent on a RIF status) under that continuing contract.
  - (b) The one who has the greater number of years of actual teaching experience in Ohio's accredited and/or chartered schools.
  - (c) The one who has the greater number of years of actual teaching experience in non-Ohio accredited and/or chartered schools.

After the above methods have been exhausted and a tie still exists, a draw will be utilized to break the tie.

#### 14.2 Selection of Displaced Members for Reduction in Force

(a) Elementary and High School:

Recommended reductions in a teaching field will be made by selecting the lowest person for that area of certification/licensure, first among members who are on limited contracts, and then next among members who are on continuing contracts, using seniority within each such group where evaluations are comparable. The contract of the lowest person on the seniority list ("Displaced Member") shall be suspended, provided that, if the Displaced Member has valid teaching certification in another teaching field and there is a current vacancy in that teaching field, the member will be assigned the vacant position.

(b) Middle School:

Recommended reductions in Middle School positions will be made based on a Middle School seniority list which shall list all middle school teachers in order of seniority where evaluations are comparable, first among members on limited contracts and then next among members who are on continuing contract, within each instructional content area. The least senior member within the content area affected by the Reduction in Force shall be the Displaced Member. If the Displaced Member has valid teaching certification in another teaching field and there is a current vacancy in that teaching field for which the Displaced Member is fully qualified, the member will be assigned the vacant position. In the event a middle school teacher who is currently teaching under a grade 4-9 license in a particular subject area is suspended, the teacher may displace the least senior teacher currently assigned to teach that subject in the high school only at the ninth grade level, if the teacher to be displaced has less seniority. Likewise, a middle school teacher who is currently teaching a subject area in which he/she holds a 7-12 certificate may displace the least senior teacher at the high school level who is assigned primarily to teach that same subject matter, if a teacher to be displaced has less seniority. A middle school teacher teaching under a 1-8 or K-8 certificate may displace the least senior teacher at the elementary level if the teacher to be displaced has less seniority than the middle school teacher and comparable or lower evaluation rating.

A member who bumps or is assigned into an instructional area for which he/she is certified/licensed, but has not taught in that area of certification/licensure within the last four (4) years or has not taken six (6) quarter hours in related course work in that area of certification within the past four (4) years, must complete six (6) quarter hours of continuing education in related course work or six (6) quarter hours of graduate study in related course work within one (1) year of accepting this new position. Failure to complete the six (6) hours of course work will result in the automatic suspension of the member's teaching contract for the R.I.F. purposes of this article and the member will have no further recall rights under this article.

Members needing to take the six (6) quarter hours described in the preceding paragraph shall receive top priority in the issuance of fee scrip according to Section 16.2 of this contract.

A Displaced Member has a right to bump the least senior teacher currently assigned to teach an assignment requiring a certificate or license that the Displaced Member has and under which the Displaced Member has taught successfully in Worthington sometime during the previous ten (10) years,

with the Displaced Member to have seniority in such previous assignment equal to the number of years he/she was in such assignment minus one (1) year of seniority for each school year since he/she was in that previous assignment.

#### 14.3 Comparability of Evaluation Ratings

- a. Comparability of final summative evaluation ratings for purposes of this Article 14 on Reduction in Force shall be determined by reference to each teacher's most recent summative written evaluation rating categorized as follows: Accomplished, Skilled, Developing, and Ineffective.
  1. Those limited contract teachers with an evaluation rating of "Ineffective" shall be suspended first.
  2. Those limited contract teachers with an evaluation rating of "Developing" shall be suspended next.
  3. Those limited contract teachers with an evaluation rating of "skilled or accomplished" shall be considered "comparable" for purposes of RIF, such that those teachers with these evaluation ratings and having the least seniority will be next to be suspended.
  4. All first year teachers who do not have a final summative rating shall be deemed to be rated above "Ineffective" but below "Developing."
  5. Those continuing contract teachers with an evaluation rating of "Ineffective" shall be suspended first.
  6. Those continuing contract teachers with an evaluation rating of "Developing" shall be suspended next.
  7. Those continuing contract teachers with an evaluation rating of "skilled or accomplished" shall be considered "comparable" for purposes of RIF, such that those teachers with these evaluation ratings and having the least seniority will be next to be suspended.
- b. If there is no final summative evaluation rating in a school year for a bargaining unit member who is required by law to be evaluated pursuant to ORC 3319.111 and 3319.112, the member shall be deemed to have received a rating of "skilled" for that school year if the member had no evaluator, or the member shall be deemed to have received the same rating as in the previous school year if the member had an evaluator but was not present to be observed and evaluated.

- c. If a bargaining unit member is not required to be evaluated pursuant to ORC 3319.111 and 3319.112, the member shall be deemed for purposes of comparability under this Article 14 to have a final summative evaluation rating of “skilled” unless the member’s most recent written evaluation expressly designated that member as “developing” or “ineffective.”
- d. Final summative ratings for purposes of this Article 14 shall be based only on the evaluator’s rating and not on student growth measures or calculations including value-added data for the term of this Master Agreement.
- e. Section 14.3 shall terminate and be of no force and effect after June 29, 2020.

14.4 A Displaced Member for whom there is no vacant position and who has no right to bump another member will have one of the following options:

(1) Pool Substitute Service

Members who are displaced from full time service with the District may elect to serve as Pool Substitutes for a period of 185 days following the effective date of contract suspension, pursuant to regulations of the Board, provided that the member will receive, in addition to the pool substitute daily rate and any other pool substitute benefits, the entire premium cost of Board-paid benefits including healthcare, dental and life insurance as provided prior to contract suspension. Such election must be made, in writing to the Director of Human Resources not later than August 15. Except as specifically provided herein, Displaced Members serving as Pool Substitutes shall have no benefits or other rights provided by this Agreement. Sick leave and personal leave for Pool Substitutes is limited to those days provided by Board Policy and accrued sick leave or unrestricted sick leave.

(2) Severance Payment

A Displaced Member who is not eligible for or who declines pool substitute service may elect to receive a severance option equal to one-half of the value of the member’s suspended annual salary and benefit cost at the time of contract suspension, in twelve (12) approximately equal monthly installments beginning September 15. Such election must be made in writing to the District Treasurer not later than August 15 for payment beginning September 15<sup>4</sup> following contract suspension. If the member is called back to service with Worthington City Schools or becomes employed elsewhere for a position requiring his/her educator licensure, the monthly installments shall cease. The Displaced Member must immediately notify the Treasurer in writing if he/she has become so employed. The member during this period of time shall remain eligible to apply for a

---

<sup>4</sup> In the event that a Reduction In Force is made at a time other than the beginning of a school year, the notice will be given to the District Treasurer not later than sixty (60) days following contract suspension for payment not later than ninety (90) days following contract suspension.

position in a non-instructional area and retain his/her position of seniority on the recall list and the rights afforded that position.

#### 14.5 Recall.

The names of members whose contracts are suspended in a reduction in force will be placed on a recall list as follows:

- (1) Members who receive severance pay will be placed on the recall list for up to twelve months from the effective date of the reduction.
- (2) Members who serve as Pool Substitutes for the full 185 day period or who are recalled to a Non-permanent teaching position during the 185 day period will be placed on a recall list for up to thirty-six months from the effective date of the reduction.
- (3) Members who resign from service as Pool Substitutes to accept employment outside the District will be placed on a recall list for up to twenty-four (24) months from the date of the reduction. A vacancy shall be applied to the recall procedure first, and if there is still a vacancy after the recall procedure has been applied, the vacancy shall be posted. Members on the recall list will have the following rights:
  - (a) No new members will be employed by the Board while there are members on the recall list who are certified/licensed for the vacancy and who held such certification/licensure on the date the Board took formal action to suspend the member's contract.
  - (b) Members on the recall list will be recalled in order of seniority for vacancies in areas for which they are certificated/licensed, if he/she held such certification/licensure on the date the Board took formal action to suspend the member's contract. Members who have obtained certification/licensure in additional or other teaching fields since the Board took such formal action shall be given first consideration for other vacancies.
  - (c) If a vacancy occurs which creates a full-time or part-time position in any one area of certification/licensure, the Board shall attempt to reach each member on the recall list in order of seniority who is certified/licensed, by phone and email, according to these provisions. It is the member's responsibility to keep the Board informed of his/her current telephone number and email address and changes in certification status. Each member is required to respond electronically or otherwise in writing to the district office within five (5) business days. The most senior of those responding with a comparable or higher evaluation rating will be given the

vacant position. Any member who fails to respond within five (5) business days or who declines the position will forfeit all recall rights.

- (d) A member on the recall list, upon acceptance of a position, shall return to active employment status with the same seniority, accumulation of sick leave, and salary schedule placement, in keeping with Articles 45 and 46, as he/she enjoyed at the time of the notification of the suspended contract. If the member who had been contracted to a full-time position accepts a part-time position (or if he/she had been contracted to a part-time position and accepts a position of fewer hours), the member shall retain all recall rights guaranteed by the original suspended contract. Where group insurance policies permit, a member whose contract has been suspended may continue to participate in those benefits which are provided to members in active employment provided that the teacher pays the group rates.

#### 14.6 Recall To Non-Permanent Teaching Positions

- (1) "Non-permanent Teaching Position" means a teaching position that is funded by a one-time source that is not expected to be ongoing and a position vacated by a teacher on leave of absence or special assignment as such positions are defined in Section 15.5 of the Agreement.
- (2) Qualified bargaining unit members whose teaching contracts have been suspended and who have been placed on a recall list may be recalled to service in a Non-permanent Teaching Position. If placed in such positions, those members will be subject to return to the recall list for the same reasons as are provided for the non-renewal of teaching contracts of bargaining unit members in those positions as provided in Section 15.5 of the Agreement. Such members, if returned will remain on the recall list for the remainder of their recall period, including both the time spent on the recall list prior to the recall to the Non-permanent Teaching Position and the time spent serving in the Non-Permanent Teaching Position. During the remainder of the recall period, the member shall have the same recall rights as any other bargaining unit member on the recall list.

### ARTICLE 15

#### **NON-RENEWAL OF LIMITED TEACHING CONTRACT**

- 15.1 All members initially employed or re-employed after a break in service by the Board will be subject to provisions set forth in 15.2 and 15.3 below. During such periods of time, these members shall be considered probationary employees for purposes of this Article.

- 15.2 A probationary employee being considered for non-renewal of his/her limited teaching contract during the first or second school year of bargaining unit employment by the Board will be given the written reasons for such non-renewal prior to official Board action. No employee shall have his/her limited contract non-renewed for a reason set forth in Article 14 (RIF) or in Article 3 (Equal Opportunity). Such reasons, except as provided herein as to RIF and Equal Opportunity, may not be challenged under Article 13 of this Agreement and may not be challenged in a court of law on the basis of this Article. Nothing herein shall be construed to limit a member's right to challenge a non-renewal based on an alleged violation of his/her civil rights.
- 15.3 At the discretion of the Superintendent and based upon two (2) written evaluations in accordance with the policies and procedures of the Board, an employee who has completed two (2) years of employment may be assigned an additional probationary period not to exceed twelve (12) months. The employee shall be given written reasons for this additional probationary period. During this additional twelve (12) month period, the employee shall receive at least one (1) written evaluation based on three (3) formal observations in accordance with the policies and procedures of the Board of Education. Time spent on a paid or unpaid leave of absence shall not be counted toward completion of the additional twelve (12) month period or the initial two (2) year period. If after the additional twelve (12) month period a probationary employee is being considered for non-renewal of his/her limited teaching contract, the written reasons for such non-renewal shall be given the employee before official Board action. If an employee is placed on the additional twelve (12) month probationary period, procedural non-compliance with this Article can be challenged under Article 13 of this Agreement. However, the substance of evaluation(s), reasons for an additional probationary period or reasons for non-renewal may not be contested under Article 13 except as set forth in 15.2 above.
- 15.4 Non-probationary employees shall not have their limited teaching contracts non-renewed except for just cause and shall be notified in writing of such recommendation prior to official Board action.
- 15.5 The provisions of this Article shall not apply to the non-renewal of supplemental, extended service, summer school or psychologist intern contracts. Such contracts will expire automatically at the conclusion of their term.

Members will not be subject to the non-renewal provisions of this Article or Revised Code Section 3319.11 in the event of the release of such member precipitated by the return of another member from leave, a special assignment or grant-funded position. The identification of the released member will be determined by the seniority provisions appearing in Article 14. Notwithstanding any other provisions of law or of this Agreement, the released member's contract will expire automatically at the expiration date stated in the contract or upon the returning member's return from leave or special assignment, whichever occurs earlier. Members who are subject to non-renewal of contract based on the return of a member from leave, special assignment or grant-funded position will be notified, in writing, at the time of initial employment with the District.

Released members who have demonstrated acceptable performance and who declare their interest in a posted position, in writing, prior to the end of the posting period will be given first consideration before any outside candidates. In the event that a released member is reemployed without a break in service, the member will retain his or her original date of hire for seniority purposes. The Association president shall be given a list of all certified members on leave and their areas of certification by September 15 of each year. This list will be updated any time a new leave is granted.

- 15.6 The Association president or his/her designee shall be notified of any non-renewal and probationary recommendation at least 10 days prior to Board action. A non-renewal shall not occur prior to April 1<sup>st</sup>.
- 15.7 The provisions of Sections 3319.11(G) of the Ohio Revised Code shall not apply to members of the bargaining unit. Notwithstanding Section 3319.11 of the Ohio Revised Code the contract of any teacher hired after September 1 of that year shall automatically expire that school year and notice of non-renewal and the provisions of this Article shall not apply.

### PROFESSIONAL DEVELOPMENT OPPORTUNITIES

#### 16.1 Professional Advancement Credit

(a) Purpose

Professional Advancement Credit (PAC) is to encourage and recognize professional growth through activities beyond those normally accepted as instructional duties. Professional growth shall be encouraged through the awarding of PAC and monetary grants.

(b) Definitions

(1) Professional Advancement Credit (PAC)

One PAC is a unit of measure of professional growth, which is accepted as equivalent to one semester hour of accredited college or university work.

PACs shall be granted for various professional activities.

PACs received shall be included with the record of academic work.  
PACs are only applicable to the Worthington City Schools Salary Schedule.  
PACs are not recognized by the State Department of Education as a basis for certification nor by institutions of higher learning as a basis for further degrees.

A maximum of seven (7) PACs may be used to meet the requirements for change in classification when moving from Classes I to II; II to III; IV to V; V to VI; and VI to VII.

(2) Research Grant

A research grant is a grant of money to a member or group of members on the completion of certain pre-approved professional activities.

(c) Organization

The PAC program embraces the principle that financial reward for members should be based upon academic preparation, teaching experience, and professional growth. It is the responsibility of the Local Professional Development Committee (LPDC-Article 19) to evaluate the planned activities or work for which PACs or grants are requested.

(d) Procedures

(1) Pre-Approved Activities

- a. Each year the LPDC will review and electronically post a list of preapproved activities for PACs. These activities will automatically be approved as PACs provided they are verified by the provider/supervisor and submitted within one year of completion of the activity.
- b. All other PAC requests will be submitted for final approval upon completion of the activity. Members requesting PACs shall submit evidence of completion according to the policies and procedures of the LPDC.
- c. Members requesting PACs for educational travel may seek preapproval for the activity according to the policies and procedures of the LPDC.

(2) Pre-Approval

A member who wants PACs for activities that are not on the LPDC-approved list provided in 16.1(d)(1) must submit a written plan for pre-approval to the LPDC. The LPDC may request the member or sponsoring group to speak on behalf of the proposal and in addition may request opinions about the relationship of the proposal and its implications for the district from department heads, other members, and administrators.

Upon approval of the proposal by the LPDC, a resume of the approved project, including the suggested PACs or financial grant to be received, will be sent to the Superintendent/designee. Any project that includes suggested PAC credit shall demonstrate alignment with the member's Individual Professional Development

Plan (IPDP) as submitted and approved by the Superintendent/designee for class change.

When any district committee or council is formed, the administrator in charge will submit appropriate pre-approval forms to the LPDC. If the administrator in charge of a district-wide committee or council fails to apply for pre-approval, a participating member may apply individually for approval at any time during the project and the pre-approval requirement will be waived.

If the LPDC does not approve the project, a statement of the reason for rejection will be returned to the member or group along with recommendations for improvement before the project may be resubmitted.

The LPDC may include the approved project on the list of pre-approved activities for PACs.

(2) Interim Review

The LPDC may request a progress report at its discretion.

(3) Final Evaluation Procedure

The final report of the project must be presented to the co-chairs of the LPDC at least ten days prior to the requested date of final consideration.

The individual or sponsoring group must be available for interview by the LPDC at its discretion.

Financial grants and PACs will be reviewed for final approval upon successful completion (or at times designated by the LPDC in the case of an extremely lengthy project). A resume of the completed project, including the suggested financial grant or PACs to be received, will be sent to the Superintendent/designee for his/her recommendation before being presented to the Board for its approval.

(e) Professional Activities

(1) Administratively Selected Faculty Committee or Councils

Such groups might study problems, conduct surveys, review curriculum, etc. A written summary of the group's activities and hours of participation by each member must be submitted by the chairperson of the group to the LPDC for PACs or reimbursement by the Board.

(2) Service on Committees or Councils

Active participation on professional committees or councils will be considered for PACs or grants. The LPDC will decide the frequency and number of units to be granted for serving in any particular capacity.

(3) Workshops or Conventions

Workshops or conventions held at times other than the regular contract day, provided the member does not receive monetary compensation other than reimbursement of expenses will be considered for PACs or grants. A written report of convention or conference activities must be prepared for distribution to appropriate colleagues. Chaperoning or leading a type of student trip outside the State of Ohio will be considered to qualify under this subsection (e) for no more than 3 PACs once per class.

(4) Published Materials

Items for submission to newspapers, as well as booklets and articles for publication in professional journals, for which other financial compensation or credit will not be received, may be submitted to the LPDC.

(5) Curriculum or Program Innovations

Members of individual departments or grade levels may work with each other or other groups of teachers to plan and develop courses of study, improvement in teaching methods, additional materials, new content, etc.

(6) Conversion of CEUs to PACs

Within one (1) year of earning Continuing Education Units (CEUs), a member may present appropriate documentation to the LPDC to request that the CEUs be approved for PACs. No pre-approval is necessary for the granting of this PAC. The CEU being submitted for PACs must have been earned during time outside the member's contract day.

## 16.2 Fee Authorization for Course Work

The purpose of fee authorization is to encourage the professional growth of personnel (members and administrators) and to improve the district's instructional capabilities by providing assistance in the form of a waiver of fees.

Fee authorization, based on the number of students participating in field experiences, is provided to the district through agreements with The Ohio State University (OSU), Capital University, Ohio Dominican College, Ashland University, and Otterbein College. Agreements with other colleges and universities may be approved as appropriate.

(a) Application for Fee Authorization

Each member<sup>5</sup> desiring to use fee authorization must complete a written application form (Form B-5). This form must be received by the Human Resources Department no later than July 31 or the next business day for Autumn term, November 30 or the next business day for Spring term, and March 31 or the next business day for Summer term. The Human Resources Department will inform members of deadline dates for fee authorization applications. Personnel requesting fee authorization and who are in their first year of employment with the district need the written approval of their immediate supervisor to have the application considered.

For OSU, no more than three hours will be approved during autumn, and spring terms for any personnel. No more than six hours will be approved for summer term for any personnel. After all timely requests have been satisfied, the Association President and Superintendent/designee, upon mutual agreement, may waive these limits when a surplus of fee waivers exists. Personnel on sabbatical leave will be eligible for six hours of fee authorization during each term they are on such leave. Personnel on RIF status will be eligible for six hours of fee authorization during each term they are on RIF status.

For Capital, Ohio Dominican, Ashland, and Otterbein no more than one fee authorization certificate will be approved during autumn, and spring terms for any personnel. No more than two certificates will be approved for summer term for any personnel.

Personnel eligible for participation in the OSU "Employee/Dependent Fee Authorization Program" are responsible for informing the Human Resources Department of eligibility. Such personnel will still be eligible for the same amount of OSU fee authorizations as enumerated above.

(b) Distribution Procedure

The Association President and the Superintendent/designee will resolve problems, which may arise in the implementation of the fee authorization system.

The fee authorization hours available from OSU will be divided such that one third of the available hours will be set aside for summer term use with the remaining available hours being divided equally among the remaining terms. For purposes of distribution, any term between the end of Spring term and the beginning of the next Autumn term will be considered as Summer term for

---

<sup>5</sup>Generally speaking, personnel eligible to receive fee authorization will be those with positions requiring teaching/administrative certificates/licenses, and others, whose positions, as determined by the WEA and the District, generate fee authorizations unless an agreement with an individual university/college specifies who may use/not use fee authorizations.

available fee authorization hours. Hours not used will be carried over to the next term. No more than the allocated number of hours will be issued during any one school year.

Fee authorization hours available from Capital, Ohio Dominican, Ashland, and Otterbein will be issued if they are available using the priorities listed below.

Before any fee authorization application is considered, it will be determined that the requesting individual has indicated a willingness to supervise a student teacher/intern or other field experience student (includes participation in an approved research project) by completing the appropriate form for the current school year. Failure to have completed the form will result in the application not being considered. An individual who refuses a request to serve as a supervisor without just cause (just cause to be determined by the Association President and the Superintendent/designee) will not be eligible to receive fee authorization for one term following the term during which the refusal occurred.

If the requests for fee authorization are greater than the amount allocated for a particular term, then requests will be considered utilizing the priorities listed below. Within any priority, years of service within the district will be used to determine eligibility. In the event that years of service create a tie, hire date will be used to break the tie. If a tie cannot be broken, a lottery will be utilized, which will be supervised by the Association President and the Superintendent/designee.

(c) Priority for Issuance of Fee Authorization

All of the above criteria must be met before an individual is eligible for the following priority distribution in the following order:

- (1) Members who are required to complete coursework to fulfill the requirements of section 14.2(b)(RIF) of the Agreement.
- (2) All other full time personnel who have a need to renew a certificate/license to maintain their employment with the district. Personnel qualifying in this priority are those who are completing recertification/licensure requirements during the three (3) terms preceding the July 1 date that their certificate/license will be renewed.
- (3) Personnel who are officially enrolled in an approved master's or doctoral program and who have earned academic credit within the last 12 months.
- (4) Personnel who wish to use fee authorization to take courses associated with their unit or with district goals. Such individuals will conduct development programs in their unit or in the district. This priority must be approved by the Chair(s) of the Professional Development Advisory Council.

- (5) Members who are completing requirements for change in classification during the three (3) terms preceding the September of the year the change will be granted.

### CONTINUOUS IMPROVEMENT

- 18.1 The Board and the Association agree that giving staff members and community increased responsibility for sharing decisions fosters the collegial exchange of ideas necessary for effective professional practice and enhancement of learning.

In support of continuous improvement planning, management of the district will develop procedures for planning and decision making which engage administrators, teachers, support staff, parents, community members and students when appropriate in planning, gathering and analyzing data, proposing, implementing, evaluating solutions and making decisions in the best interest of the individual school. This procedure will be replicated at the building level to develop continuous improvement plans and ensure teachers share in the making of decisions which directly affect them. Development of Continuous Improvement Plans as required by the state is intended to facilitate the school-based planning process and support student achievement and success.

Each school will submit to the superintendent an annual Continuous Improvement Plan no later than thirty (30) days before any state-imposed deadline. This plan must be the result of a collaborative planning process with staff and community endorsed by a majority of all staff from the school before being submitted to the superintendent, provided that if a plan is not agreed upon and within the time frame set forth in the preceding sentence, and the state requires a plan, the superintendent may then establish the plan. If a majority of members of the staff are not supportive of the School Development Plan, they are encouraged to resolve their differences at the building level. If resolution of the concerns is not possible at the building level, the staff member(s) may file a request for review by the Shared Solutions Committee before the Continuous Improvement Plan is implemented.

In support of the Continuous Improvement Plan process, the Board and the Association agree to review all school development plans which contain provisions which require a change in Board policy or in the Master Agreement by the Shared Solutions Committee.

If a waiver from the Board's policies and rules is recommended by the Shared Solutions committee, the waiver request must be submitted to the superintendent and the Board of education for denial or approval. If a waiver of an article or provision in the Master Agreement is recommended by the committee, the Association and the Board must officially approve or disapprove the waiver request.

Waivers of Board policies and the Master Agreement expire annually and must be renewed according to the described procedure. School-based decisions which vary from the Master Agreement shall not be considered past practice for purposes of determining the intent or meaning of the Master Agreement.

ARTICLE 23  
**LENGTH OF CONTRACTUAL YEAR**

23.1 Length of Contractual Year

The work year shall consist of no more than one hundred eighty-five (185) days, of which students will not be in attendance at least eight (8) days. New member orientation meetings are exempt from this provision.

1. Two (2) days shall be used on the first and second days of the school year and shall include at least eight (8) hours of teacher directive time.
2. Two (2) days to compensate members for conducting parent-teachers conferences after the work day.
3. The remaining four (4) work days in which students are not in attendance, shall consist of the following:
  - a) 20 hours of grading time to be distributed among the yearly grading periods to be used for data collection, analysis, as well as updating and monitoring student records, grades, and lessons. This time shall be teacher directive.
  - b) At least 14 hours of teacher directive professional collaboration time.

Any exceptions to individual members' schedules shall be made in writing by mutual agreement of the Superintendent/designee and Association.

The Superintendent or designee will develop three (3) proposed school calendars in consultation with the Association. The school calendar adopted by the Board shall include a Spring and Winter break of at least one (1) week in length (Monday through Friday and national holidays). The Association shall vote or select which of the three proposed school calendars it prefers. Thereafter, the Association shall notify the Board of education of its selected or preferred calendar for approval and adoption. However, the Board of Education shall set the school calendar.

23.2 Extended Day for Professional Development

The Board may require each member to work one extended day beyond the 185-day school year. The purpose of this workday shall be for professional development. If the

Board intends to add this extended day, the Board shall notify the WEA president at least one year in advance of when the extended day is scheduled to occur. This extended day shall be contiguous to or within the contract year. The compensation for this day shall be the per diem rate for each member based on a 185-day school year.

23.3 Professional Collaboration Time

As used in this provision, Professional Collaboration Time (“PCT”) means planning for enhancements to the educational programs of specific students or groups of students by two or more teachers working together. The Association and Board recognize that improvements in student educational opportunities can result from PCT.

ARTICLE 24

**LENGTH OF TEACHER DAY**

- 24.1 The unit member’s day is 7 <sup>3</sup>/<sub>4</sub> continuous hours, including an uninterrupted one-half (1/2) hour duty free lunch. The Board will not increase the length of the present teacher work day without providing proportionate compensation to those affected members. However, the parties recognize and acknowledge that members have traditionally been required to perform some duties beyond the established work day and work year and that members will continue to perform such duties and that an individual's schedule will not be adjusted beyond established district practices.

It is an expectation that all members participate in job-related professional development outside of the regular contract day appropriate to the position in the particular year (by way of example Kindergarten Readiness Assessment training in the Summer of 2014 for all kindergarten teachers). All members shall annually receive a stipend amount of \$425 no later than the first pay period in June for this expectation.

- 24.2 Student contact time for elective teachers at the middle school will not be scheduled to exceed 300 minutes per day.
- 24.3 The number and length of meetings will be a site decision, reached jointly by staff and administrators. If a mutually agreeable decision cannot be reached, the superintendent will review the situation and make recommendations. Nothing in this article shall preclude an administrator from calling an emergency meeting of building staff.

24.4 Assignment of Duty Periods

The Board and Association acknowledge that certain non-instructional duties are necessary components of each school day, and that those duties, to the extent that they are required to be performed by the instructional staff, should be allocated fairly and in a reasonable fashion. Each building principal shall develop a list of duties and a duty

schedule in collaboration with a committee of bargaining unit members in the building. Duties will be assigned within a building by first considering those bargaining unit members willing to volunteer for the duty. Such opportunity will be provided the instructional staff prior to duty assignments. If no one volunteers for a necessary duty, that duty will be assigned.

#### 24.5 High School Class Assignments

High School teachers who volunteer and are accepted to teach a 6<sup>th</sup> period during the school day will receive a supplemental stipend of \$5,000.00 for each full year in which a six-period teaching assignment is maintained. If the member does not teach 6 periods for an entire year, the stipend will be pro-rated for that portion of the year in which six (6) instructional periods were taught. Volunteers for 6<sup>th</sup> period instruction should express their intent no later than April 15 prior to the school year in which the services will be provided. When potential 6<sup>th</sup> periods are available, the administration shall contact volunteers to accept or reject the opportunity to teach a 6<sup>th</sup> period. However, if a high school teacher has fewer than eighty-five (85) students and no more than two (2) preps in their daily class load, the teacher may be assigned a sixth class with no additional compensation in lieu of a duty period by mutual agreement.

### ARTICLE 25

#### **EXTRA-CURRICULAR ASSIGNMENTS**

All members shall be assigned no more than three extra-curricular assignments per school year. Before assignments are made, each member will be given the opportunity to select the extra-curricular assignments he/she prefers.

### ARTICLE 26

#### **ELEMENTARY PLANNING TIME**

The district will use its reasonable best efforts to schedule a daily planning period for each elementary classroom teacher (excluding counselors, psychologists and nurses) to take place within the pupil day. The planning period will be equivalent to a related arts class period in the building.

In place of daily planning time, pre-school teachers are provided with a half-day planning to be used at their discretion each week on the non-instructional day (Monday or Friday) that is scheduled into the preschool program. The remaining half-day of planning is provided to preschool teachers to allow them additional time to meet the unique requirements of the preschool program, including home visits, parent conferences, preschool site visits, IEP responsibilities as related to the needs of parents and families. The Association and administration will continue to investigate alternative ways of providing daily planning time to

preschool teachers. Until a new, mutually acceptable schedule is developed, the half-day of teacher-directed planning time each week will continue to be provided to all preschool teachers.

## ARTICLE 27

### **PART-TIME EMPLOYEE EXPECTATIONS**

Part-time members shall be given the opportunity to discuss expectations of their assignments. A form will be developed and used for the discussions with the part-time staff member. The form will be given to and discussed with the job offered at the time of conditional offer of employment. The form will be completed by the building principal and discussed between the building principal and the part-time member the first week of each school year. The form will include the following areas of discussion:

- (1) The expected arrival and departure times for the part-time staff member.
- (2) The participation of the part-time member in staff meetings. Part-time traveling members will normally attend staff meetings in the building where they end their contract day. If staff meeting attendance poses an unreasonable expectation for the part-time member, arrangements will be defined for the member to obtain staff meeting information through a designated contact person.
- (3) The expectation for specific duty assignments. Part-time staff members with a 0.5 or greater contract may be assigned a duty period.
- (4) The expectations for participation in parent/IEP conferences.
- (5) The expectations for interaction with students beyond the part-time member's contract day.
- (6) The part-time member's opportunity to advance on the salary schedule. A part-time member who has a 0.6 contract should refer to Article 46.6(b) for salary schedule advancement opportunity.
- (7) Any other unique aspect of the assignment.

A copy of the completed form, along with the signatures of the principal and part-time staff member, will be retained in the member's personnel file.

## ARTICLE 28

### **TRAVELING TEACHER**

An effort will be made to schedule members who are required to travel between two or more buildings in a given school day in such a manner that sufficient time will be allotted so that members are not required to leave a class in session to teach a class in another building.

Efforts will be made to provide adequate working space and the resources needed for teaching preparation. Information such as schedule changes, announcements, staff meeting minutes, etc., shall be provided. Members who must use lunch or preparation time to travel will not be assigned duties.

## ARTICLE 29

### **ACCESS TO WORK AREA**

- 29.1 Upon the request of each member, reasonable access to all work areas in the member's assigned building(s) shall be granted for the completion of teaching assignments in accordance with the provision of 29.3.
- 29.2 Access key(s) to the building(s) and work areas shall be provided for the use of the buildings or work areas in accordance with the provisions of 29.3 below. The intent of this provision is to provide a system in every building for reasonable access to buildings for each member in accordance with 29.1 above. It is not the intent of this provision to alter current access procedures in buildings where an adequate system is already in place.
- 29.3 Having access to the building carries with it the responsibility for maintaining security at each entrance/exit and area used. In addition, the parties agree that the Board may be required to restrict or prohibit access to particular buildings or work areas for reasons of security, health, safety, emergencies or required work which must be performed. If the member fails to demonstrate responsibility all rights and privileges granted by this Article for that particular member may be revoked.

## ARTICLE 30

### **FACILITIES**

- 30.1 Each member shall have access to a private District phone space with access to a phone for making calls to parents. Staff in each elementary and middle school building shall have access to two (2) private District phones for such use.
- 30.2 Work space for the purpose of teacher planning/preparation and grading will be provided.

## ARTICLE 31

### SCHOOL CLOSING

- 31.1 When the Superintendent/designee of the Worthington Schools declares system-wide closing of school, members shall be notified as early as possible, and shall not be required to report.
- 31.2 The administration/building administration shall distribute a notification process for each building annually by September 30.

## ARTICLE 32

### CLASS SIZE

The process for student placement shall be collaborative between members and their building Administrators. In an effort to encourage equity among members, the number of special needs students that members have had in previous years shall be an important consideration when placing students. This collaboration shall be on-going and after the start of the school year a review of student placement shall occur by September 30<sup>th</sup>.

The Board will endeavor to adhere to its class size guidelines; however, these guidelines are not subject to Article 13 nor may a member seek legal recourse to enforce said guidelines. The Board and the administration reserve the right to deviate from the guidelines because of the unavailability of physical facilities or for other good and sufficient reasons.

A teacher of Kindergarten or First Grade may request a review by the Superintendent/designees and the building principal if there are 25 or more students in their classroom in order for the administration to consider providing support to the classroom.

## ARTICLE 33

### LEAST RESTRICTIVE ENVIRONMENT

#### 33.1 Definitions

As used in these guidelines, “a student with a disability” is one identified as an individual with disabilities under the Individuals With Disabilities Education Improvement Act (IDEIA) or Section 504 of the Rehabilitation Act of 1973 and for whom an individualized educational program (IEP) or Education Plan has been or is in the process of being developed. “Mainstream” means the process of delivering educational services to a student with a disability in a regular education setting. “Regular education teacher” means, in the case of a student with a disability who has been mainstreamed, the regular

education instructor (or instructors) having responsibility for the delivery of the educational program or services to the mainstreamed child.

### 33.2 IEP Development and Administration

Members directly involved in the delivery of special education programs, whether in the regular education setting or in the special education setting, shall attend IEP conferences consistent with state and federal regulations. Members not otherwise required to attend, but who wish to attend and who have some educational responsibility for the student who is the subject of the conference, should make that wish known to the appropriate building administrator prior to any scheduled conference date. While the schedules of individual members will be taken into consideration in the scheduling of IEP conferences, such conferences must be scheduled at times convenient to the parents and students involved.

The district recognizes that special mandates related to federal IDEIA and Section 504 of the Rehabilitation Act can have a serious impact on the time of members and further recognizes that often parental availability is limited to after the contract work day.

Members responsible for the implementation of education programs for students with a disability will be provided with copies of the IEPs for those students. Consistent with the requirements of State and Federal regulations governing the education of students with disabilities, any member with primary responsibility for the education of a mainstreamed student with a disability may request an IEP conference to address issues regarding the appropriateness of the program or placement of such student.

Members who are responsible for the writing of IEPs shall be provided a minimum of fifteen and a half (15.5) hours of release from their normal teaching workday. Additional time may be provided according to district guidelines for such responsibilities.

### 33.3 Training

The district periodically offers in-service programs dealing with the education of students with disabilities. Members are encouraged to attend and participate in those programs. In federal and state law under “requirement with respect to regular education teachers (Ohio Admin. Code 3301-51-07 (L)(1)(c)(ii)), the rule states that the IEP team is required to identify “supplementary aids and services, program modifications, and support for school personnel consistent...” “Support” as specified in this rule includes training for regular and special education teachers and related services that are needed to meet the needs of the student and to implement the student’s IEP. Training needs may be considered by the IEP team. If the IEP team determines that training for any staff implementing the IEP is necessary, the specific training needs are written on the IEP under Step 5: Identify Services.

Members who serve students with unique needs are encouraged to utilize facilitated professional collaboration time (per Article 23.3) to share appropriate instruction and intervention strategies to meet student needs.

### 33.4 Special Health Care Needs

The Board and Association acknowledge that certain students with disabilities may be required to be educated in regular education classrooms. Such students may, as a result of their disabilities, require special care or medication during their attendance in the regular education classroom. It is the intent of the parties that persons who are assigned responsibility for providing necessary care or medication for such students shall be trained in the delivery of such care or medication. Trained non-teaching staff will be assigned to provide such care or medication. In the event that non-teaching staff are not available, voluntarily trained teaching staff may be required to provide such care on an emergency basis. Unless otherwise required by an IEP, medication for students with disabilities shall be administered in accordance with the District's policy governing the administration of medication for students.

### 33.5 Class Size and Pupil Assignment

Assignment of students with disabilities to regular education classes will take into account such factors as the needs of the student with disability, the needs other students in the class, the concerns of the regular education teacher, the number of students in the class and the physical location and facilities available to the classroom. This is an ongoing collaborative process. However, the educational needs of the students must remain the primary consideration.

### 33.6 Evaluation

The effect of the placement of a student with a disability will be taken into consideration in the performance evaluation of the member. Student attainment of IEP goals and objectives will not be considered in the performance evaluation of a member, provided that the member has fully implemented the IEP for that student

### 33.7 Communications

A flow chart for accessing support regarding the implementation regarding Intervention Assistance Team (IAT), a regular education intervention process, and IEP procedures will be made available to all members. The district shall make this flowchart easily and readily accessible to all members.

### 33.8 Requests for Additional Support

Members who serve students who have not been identified as special education students in accordance with IDEIA will utilize the Intervention Assistance Team (IAT) process in accordance with district policy to initiate the appropriate student evaluation and intervention strategies. When there are emergency needs, the IAT process will be expedited to the extent possible. Members who are responsible for serving identified special education students will follow appropriate IEP review process for student

intervention. In either case, members who believe they are in need of additional support because of the severity of the learning or behavioral needs of their students are encouraged to communicate their concerns with their building administrator. The administration will respond to such concerns in a timely manner.

If, after attempting to resolve such concerns by working informally through the administration, a member believes his or her needs for support are not being met, the member is encouraged to contact the Association president and, if necessary, initiate the Professional Concern process as stipulated in Article 8. Nothing in this Article shall imply permission to violate the confidentiality of individual student information as guaranteed under applicable federal and state statute.

### 33.9 Intervention Assistance Team

Each Elementary building shall have at least one Intervention Assistance Team (IAT) consisting of up to seven (7) bargaining unit members. Each bargaining unit member on the IAT shall be compensated \$550 per year.

An elementary building may have more than seven (7) bargaining unit members on an IAT by mutual agreement of the members on the team indicated by written consent. The building principal shall notify the Human Resources Department when this occurs and the members of the IAT shall have an equal share of the \$3,850 total compensation available.

### 33.10 Special Education Teacher Meeting

Unless mutually agreed otherwise, each building will schedule a quarterly meeting to resolve and discuss assignments and/or caseload of students with disability with the building principal, district administrator or designee, special education teachers and regular education teacher if necessary.

## ARTICLE 34

### **PERFORMING INSTRUCTION**

All instruction shall be planned and performed by certified bargaining unit members with the exception of occasional small group instruction performed by instructional aides under the supervision of a teacher.

However, nothing in this Article or Agreement prevents the assignment of Worthington students to classes offered by sources outside of Worthington without instruction planned and performed by a bargaining unit member, online or otherwise, where the class is not offered by the Board with a Worthington bargaining unit member, or there is insufficient enrollment of Worthington students to justify the Board offering the class, or for credit recovery. No teacher's contract shall be suspended as a result of offering such instruction.

## ARTICLE 35

### NOTIFICATION OF ASSIGNMENT

At the elementary level (K-6), members will be notified if a change is made in their building and/or grade level and/or special area assignment<sup>7</sup> for the forthcoming school year. At the secondary level (7-12), members will be notified if a change is made in their building and/or subject area and/or special area<sup>8</sup> assignment for the forthcoming school year. Such notification will be made by June 30.

If a change becomes necessary after June 30, members affected by said change will be notified at the earliest date possible.

Members shall give written notification to the Director of Human Resources and the building principal or supervisor of the address and telephone number where they can be contacted during the summer months if that address or telephone number is different from their residence as listed in the directory.

## ARTICLE 36

### JOB OPENINGS AND ANNOUNCEMENTS

36.1 As soon as the administration determines that a job opening<sup>9</sup> exists within the bargaining unit, all members shall be notified of such job openings using the following procedure:

- (a) Job announcements shall be posted in each building and on a designated bulletin board(s) or on the District's Job Notice Web site.
- (b) Members who are on leave or RIF status who want copies of job announcements mailed to them shall notify the certified personnel office in writing and such notices will be mailed.

36.2 The written description in a job announcement will indicate the following:

Full-time or less than full-time  
Date of posting  
Certification requirements  
The approximate date when the contractual duties of this position begin  
The expected building assignment and grade level

---

<sup>7</sup> Special area refers to elementary staff members not assigned to a specific grade level.

<sup>8</sup> Special area refers to secondary staff members not assigned to teach a subject area(s).

<sup>9</sup> A job opening determined by the administration may result from a vacancy due to a leave of absence, death, resignation, retirement, termination, or non-renewal; the redesigning of a job; or the creation of a new position.

- 36.3 If a job opening is determined to be caused by a member taking a leave of absence or a position on special assignment, the job announcement shall include a notation that the position may be temporary. All subsequent candidates for similar positions in that area of certification will be notified of the potential that they may be affected by the return of that member.
- 36.4 No action shall be taken to fill a job opening in the bargaining unit until such job opening has been posted for five (5) days, excluding weekends and holidays. Job openings occurring from July 1 to the start of school year will be posted but said timelines for filling the positions do not have to be adhered to during this time. Interest shall be determined by the member's online application through the District's Job Notice Website and electronic notification of all pertinent openings will occur with an active application.
- 36.5 If a job is posted and the administration determines not to fill the vacancy, the Association President or designee will be informed of such determination.

## ARTICLE 37

### **PERFORMANCE CONTRACTS**

Notice of each Performance Contract shall be provided in advance by e-mail to members including specific location and title of each posted performance contract. Contract specifications shall be posted on the Portal. Each posting shall include a description of the project and its anticipated objectives, a statement of minimum qualifications, an initial estimate of the pay for the Performance Contract, a tentative deadline for project completion, and a time for recipients to reply to indicate interest.

Notification of Performance Contracts for service on District Committees shall be made by the body having appointing authority. The Association shall notify its members of the opportunity to serve as Association appointees on the Worthington Professional Development Committee, Professional Development Advisory Committee, Shared Solutions Committee, Resident Educator Program Committee, and any other contractually-created committees for which the Association and/or Association President is responsible for appointing members. Notification may, but is not required to be made by District e-mail.

Nothing herein shall make any failure to comply with the provisions of the foregoing paragraph grievable under Article 13 or otherwise subject to challenge except as and unless it be shown that there has been and continues to be a clear pattern and practice of such failure, which clear pattern and practice has previously been brought to the attention of the administration without good faith effort for prospective correction.

## ARTICLE 38

### TRANSFER AND REASSIGNMENT PROCEDURES

#### 38.1 Definitions

- (a) A "reassignment" is a change in the assignment of the member which does not include a change of location from that of the previously held position (e.g., a change in grade level within an elementary school or a change in teaching area/subject at a secondary building).
- (b) A "transfer" is a change in the location to which a member is assigned (e.g., a change from one middle or elementary school to another or a change from one high school to another or Linworth, or the converse).
- (c) As used in Articles 38 and 14 "Seniority" means the longest period of continuing employment (including approved leaves of absence and time spent in a RIF status) beginning with the date the Board of Education initially approved the issuance of a contract to a member. Seniority is not interrupted if the member is in the employ of the school district on both the last day of a school year and the first day of the following year.

If two (2) or more members are equal in seniority, the following criteria will be applied in numbered sequence until the tie is broken. The more senior member is:

- (1) The one who has a continuing contract.
- (2) The one who has the greater number of years (including approved leaves of absence and time spent on a RIF status) under that continuing contract.
- (3) The one who has the greater number of years of actual teaching experience in Ohio's accredited and/or chartered schools.
- (4) The one who has the greater number of years of actual teaching experience in non-Ohio accredited and/or chartered schools.
- (5) After the above methods have been exhausted and a tie still exists, a draw will be utilized to break the tie.

#### 38.2 Procedures

- (a) The procedures governing reassignment of members will be those set forth in administrative procedures established by the Superintendent.

- (b) The procedure governing transfer of personnel in conjunction with the opening of a new building will be those set forth in administrative procedures established by the Superintendent.
- (c) All other voluntary and involuntary transfers will be governed by administrative procedure and sections 38.3 and 38.4 below.

### 38.3 Voluntary Transfers

- (a) Members possessing certification for a job opening may make written application for a transfer to such position to the Superintendent or his/her designee within the posting time limits set forth in Article 36.
- (b) The member who has made written application in a timely fashion for a transfer to the position, who possesses certification for the position and who has the greatest seniority will be given first consideration for the transfer. In all cases of making transfers, the Board and the Association agree that transfers are to be made in the best interest of the school district and this will be the overriding consideration as determined by the administration. If the most senior member who applied is denied the transfer he/she shall be granted a post-transfer conference if requested. At such conference, the member may be given the reasons why he/she was not granted the transfer. Such reasons will not otherwise be used to the detriment of that member. The reason(s) and the judgment upon which the reason(s) is [are] based shall not be subject to Article 13 or Article 8.

### 38.4 Involuntary Transfers

If the provisions of Section 38.3 of this Article do not succeed in filling a job opening, the administration will consider each of the following steps before involuntarily transferring or reassigning a certified member:

- (a) Employing a new teacher to fill the job opening.
- (b) Increasing the contract of a part-time member who is certified and/or qualified.
- (c) Principals ask for members who may be interested in volunteering to transfer.
- (d) Consider involuntarily transferring or reassigning the least senior member that is certified in the affected certification area. In event the least senior member(s) is not assigned, reasons will be given to the Association President.

If the above considerations are not feasible, an involuntary transfer or reassignment of a member will be made in the best interest of the school district. No member involuntarily transferred shall have to participate in more than one interview session before being placed. A conference will be held between the member and the Superintendent or Superintendent's designee concerning an involuntary transfer or reassignment. A written

notification of an involuntary transfer or reassignment shall be delivered to the member following said meeting. The Superintendent will have the final authority to make all involuntary transfers and his/her decision shall not be grievable. However, compliance with the procedural requirements of this section is subject to the grievance article.

#### Transition Plan

In the event of an involuntary transfer or reassignment, the member shall be provided the opportunity to meet with the Director of Human Resources, Association President, and appropriate building administrators to discuss a transition plan and resources that are needed to help ensure the success of the member in the new assignment. The Director Human Resources or designee and the Association President shall conduct a quarterly follow-up with the member and receiving building administrator, as requested, to monitor the progress of the transition.

The Association President and administration shall develop a reference list of support services that may be offered to transferred or reassigned members.

#### 38.5 Member Initiated Transfer

A member seeking to transfer for the purpose of professional growth and renewal will be considered for a transfer. He/she will apply in writing to the Human Resources Department. The member will be guaranteed an interview for the open position for which he/she is certified. The administrator of the receiving school may deny the request for transfer. If the request is denied, the administrator will provide specific written reasons for the denial relative to the applicant's job performance and/or qualifications.

#### 38.6 Assignment of Staff in the Event of Building Closing or Reconfiguration

In the event of a building closing or reconfiguration, the Superintendent shall staff buildings by maximizing opportunities for voluntary transfers and minimizing involuntary transfers.

### ARTICLE 39

#### **TEACHER ON SPECIAL ASSIGNMENT**

The position of teacher on special assignment has been established for the purpose of addressing specific needs of the district which are of a temporary nature. The position may be expected to exist for a period of from one (1) semester up to two (2) full years.

For the purposes of this contract, all provisions are deemed to apply to the position with the following exception:

Any member returning from special assignment in the district shall be assigned to the same position held, including the same building and subject area, prior to the special assignment unless the member seeks and obtains a new position elsewhere in the district.

The Superintendent/designee will annually notify any member on special assignment and the Association of the status of the assignment, including the member's rights under this article.

## ARTICLE 40

### PERSONNEL FILES

- 40.1 The personnel file of each member shall be maintained in the office of the Board.
- 40.2 A member shall have access to his/her personnel file upon reasonable request. A representative of a member shall have access to said member's personnel file when said member requests such access in writing. All access requests shall be made to the Superintendent or his/her designee.
- 40.3 All materials placed in the personnel file of a member shall include a notation of the date the item was placed in the file and the dated signature of the administrator placing the entry into the file. The member shall be given a copy of and the opportunity to sign items which are to be entered into his/her personnel file within five (5) working days after notification that such items are to be placed in his/her personnel file. The member's signature on personnel file items does not necessarily indicate agreement with the content. The signature is added to indicate that a copy of the material has been inspected by the member.
- 40.4 In the event of a request by a member of the general public to review the personnel file of a member, the Board will notify the member of the name and address of the person requesting the file review if known. Consistent with the right of the requesting person to inspect public records, the member whose file has been requested to be inspected, or his or her designee, shall have a reasonable opportunity to observe the inspection.
- 40.5 Items in a member's personnel file shall be accurate, relevant, timely and complete. If a member feels that an item is inaccurate, irrelevant, untimely or incomplete, he/she either may call for an investigation in accordance with Ohio Revised Code Section 1347.09 or may submit it to provisions of Article 13, but not both. If the member elects the investigation and he/she does not agree with the findings of said investigation, he/she shall have the right to attach a written statement of reply to the disputed item in his/her personnel file. Such right will not be afforded to a member who elects to submit a dispute arising from this Article to the grievance procedure (Article 13). If the member elects to submit a dispute to Article 13, the grievance or aspect of any grievance that concerns an administrator's exercise of his/her professional judgment in matters such as evaluation and observation may not be taken to Step IV. Moreover, an arbitrator is

specifically prohibited from substituting his/her judgment from that of an administrator in matters of professional judgment.

- 40.6 All material to be placed in a member's personnel file shall be signed and, if applicable, shall include the name(s) of those who are the source of any material.
- 40.7 Unless as part of a settlement or arbitrator's award, information pertaining to disciplinary actions shall be removed after three (3) years from the date of the disciplinary action unless the member and the administrator who initiated the placement of the information in the file or the Superintendent agree to an earlier date. This Section 40.7 shall become null and void on June 29, 2020.
- 40.8 Items in a member's personnel file are limited to the following:
- (a) Official transcripts of college or university work
  - (b) Teaching certificate(s)/licenses or other certificate(s)
  - (c) Observation/conference reports
  - (d) Other official evaluation reports
  - (e) Military records

  - (l) The highly qualified teacher worksheet prescribed by the Ohio Department of Education
  - (m) Other items required by law or mutually agreed between the parties
- 40.9 Unless as part of a settlement or arbitrator's award, where non-removal would be contrary to law, or as provided in 40.7 above, no item shall be removed from the employee's personnel file without written consent of the employee.

### PAID LEAVES

42.1 Sabbatical Leave

A member, upon written request to the Board, may be granted professional leave for up to one (1) school year. The request shall be submitted by April 1 of the preceding school year for which the leave is requested unless the Superintendent or his/her designee waives this requirement. Professional leave is designed to encourage the improvement of instruction, supervision and administration and may be granted in keeping with the following provisions:

- (a) To be eligible a member must have completed five (5) years of service in the Worthington School District.
- (b) The member shall submit a written plan of professional improvement prior to Board approval. Within sixty (60) days upon return from professional leave, the member shall file a written report with the Superintendent indicating the use of leave as proof that the plan of professional improvement was followed.
- (c) Not more than two percent (2%) of the members shall be granted professional leave at a given time. Members requesting a professional leave will be notified as to the approval or disapproval of the leave no later than April 30th. All members denied or approved will be informed of the decision prior to the distribution of the Board of Education's agenda. At the time of notification, the member will be notified of the amount of salary to which he/she would be entitled if not on leave. Such payment will be made according to one of the regular payroll plans beginning on or about September 10.
- (d) The compensation received while on leave shall be one of the following options:
  - 1. The difference between the member's regular salary for the next school year and the salary of a teacher at Class 4 Step 0 at the time the professional leave commences with waiver of fringe benefits.
  - 2. The difference between the member's regular salary for the next school year and the salary of a teacher at Class 4 Step 3 at the time the

professional leave commences and fringe benefits as stipulated in this section. The member who elects to maintain his/her fringe benefits may pay his/her portion through payroll deduction.

- (e) If the requested leave is not granted, an appeal may be taken to the Board, but such decision is not subject to the grievance procedure.
- (f) A year of professional leave shall count as a year on the salary schedule and for purposes of length of service in the district, which will count as employment/service for purposes of Article 14.
- (g) An additional professional leave may be applied for in accord with the prior provisions of this Article after an additional five (5) years of service in the district subsequent to the previous professional leave.
- (h) As a condition of being granted professional leave, the member must agree to teach in the Worthington System for a period of at least one (1) year upon returning from leave. Failure to do so will require the member to refund to the Board all payments received from the Board during the leave period. Such refund shall be made within a four (4) month period of time beginning with the first full month said member was to have returned to duty. Such time limit may be extended by agreement of the Board with a request by the member to do so.
- (i) Members returning from professional leave will, where possible and in consideration of the best interests of the district, be returned to the same or similar assignment held prior to such leave. The member who is certificated/licensed in more than one area will, to the extent possible, be returned to a position in the same area of certification held prior to the leave.

#### 42.2 Professional Days

- (a) Members will be granted professional leave for attendance at conferences and participation in other professional activities in accordance with procedures developed by the Superintendent/designee with input from a joint committee of the Professional Development Advisory Council on an annual basis.

To the extent possible, substitutes will be provided for all members whose request for leave complies with said procedures and those whose participation in an activity is required by the Superintendent/designee.

A copy of these procedures, including timelines, daily limitations, access to substitute availability for a specific date, and any other pertinent information will be supplied to all members with their opening day materials.

- (b) All building administrators will annually involve members in determining a plan for dividing professional days allocated to the building. The plan will be put in

writing and distributed to members. The administrator's supervisor will review the plan annually.

#### 42.3 Professional Leave

A member in the position of President of the Worthington Education Association, upon written request to the Board, shall be granted professional leave for up to the equivalent of 185 contract days over the period of one (1) school year. The purpose of this leave is to perform work related to the Worthington Education Association.

The request shall be submitted by May 1 of the school year preceding the year for which the leave is requested, unless the Superintendent/designee waives this requirement, and shall include the proposed configuration of the 185 contract days.

For the year in which the leave is taken, the member shall receive the same salary and benefits, under the same conditions, as he/she would otherwise receive, with the following provisions:

- (a) Once a person is employed to replace the WEA President on leave, the Association assumes the obligation to reimburse the Board for the full amount of salary and benefits including the cost of single health insurance coverage accrued for a Class IV, Step 3 certified teacher. The Board and Association will annually review and discuss the level of reimbursement.
- (b) Said payment shall be made to the treasurer of the Board in semi-annual installments on March 31 and August 31 of each school year.
- (c) Notification shall be made to the Association of the amount due as soon as possible, but no later than August 1.
- (d) Every effort shall be made to replace the member on leave with an employee who is qualified and experienced in the area and do so in a manner which will provide consistent quality education for students.

The year during which professional leave is taken shall count as a full year on the salary schedule and for purposes of length of service in the district, which shall count as employment/service for the purposes of Article 14.

Upon completion of the leave, the member will be returned to the same position of full-time status held prior to the leave, including the same building and certification/license area, unless the member seeks, and is selected for, another position in the district.

#### 42.4 Sick Leave

A member shall be granted sick leave with pay in keeping with the following provisions:

- (a) Sick leave may be used for any absence of the member due to personal illness, pregnancy, injury, exposure to contagious disease which could be communicated to others, and for absence due to illness, injury, or death in the member's immediate family. And for any qualifying exigency arising out of the fact that the employee's spouse, son, daughter or parent is a covered military member on "covered active duty" under the federal Family and Medical Leave Act, the latter limited to no more than two (2) sick leave days in any school year.
- (b) Immediate family is defined as including husband, wife, son, son-in-law, daughter, daughter-in-law, father, father-in-law, mother, mother-in-law, brother, brother-in-law, sister, sister-in-law, grandparent, grandchild, or dependent living in the home of the employee. Sick leave may also be used, in addition to those listed above, for significant others with the pre-approval of the Superintendent/designee.
- (c) Unused sick leave shall have an unlimited accumulation, unless the member elects Plan Two under 42.4(i).
- (d) Absence of a portion of a day up to one-half (1/2) shall be counted as one-half (1/2) day of sick leave used. Absence beyond one-half (1/2) day but less than a full day shall count as a full day of sick leave used.
- (e) Upon returning from sick leave, the member shall complete a Readmission Form to justify use of sick leave. In keeping with Section 3319.141 of the Ohio Revised Code, if medical attention was required while on sick leave, the member's statement shall list the name(s) and address(es) of the attending physician(s) and the date(s) when consulted. Falsification of a Readmission Form when using sick leave may be used for grounds for termination of a member's contract under Ohio Revised Code 3319.16.
- (f) If requested by the Board, the member may be required, at a reasonable time and place, to submit to an examination by a Board appointed physician at Board expense.
- (g) Sick leave shall be accumulated as follows:
  - (1) Full-time members with more than eight (8) years of Ohio full-time teaching experience or ninety (90) or more days of sick leave accumulated, shall be credited with sick leave at the rate of one and one-fourth days (1-1/4) per month under contract to a maximum of fifteen (15) days per year.
  - (2) Full-time members with fewer than eight (8) years of Ohio full-time teaching experience and members with out-of-state full-time teaching experience (where the member has not been compensated for sick leave earned in another state) and has accumulated fewer than ninety (90) days

of sick leave in Ohio shall be credited with sick leave at the rate of one and one-half (1-1/2) days per month under contract to a maximum of eighteen (18) days per year. A teacher with out-of-state teaching experience shall provide certification of the fact that he/she has not been paid for sick leave accrued in that state. Falsification of this statement shall be grounds for termination of employment.

- (3) Each new member who has exhausted his/her accumulated sick leave shall be advanced five (5) days sick leave. After one year of employment, a member shall be advanced up to five (5) days of sick leave with medical documentation. If any of these five (5) days of sick leave are used, they shall be deducted from the sick leave accumulated during the year of employment. Days advanced under this section may not be used as unrestricted days. Sick leave days will not be advanced in any amount that exceeds the number of days the member can earn by August 30. (Also see Article 43.3(d).) No member may be advanced more than a total of five (5) days of sick leave in any one school year.
- (h) Up to five (5) days of sick leave per year are unrestricted and no reason need be given. Sick leave used on an unrestricted basis will be deducted from the member's existing sick leave balance. Unrestricted days are subject to the following limitations:
  - (1) Unrestricted sick leave days used on the day before or the day after a vacation or holiday period will be charged on a two for one basis from the member's unrestricted leave balance. If a member uses one (1) unrestricted day before and one (1) unrestricted day after a vacation or holiday period, he/she will use four (4) days of unrestricted leave under this paragraph (1) but will be considered to have only used two (2) days of consecutive leave under paragraph (2)(a) below. A new member requesting an unrestricted sick leave day during his/her first month of employment must also receive pre-approval by the Superintendent/designee.
  - (2)
    - (a) More than three (3) consecutive leave days (including days without pay) may be taken no more than once in any five (5) year period.
    - (b) A member may not take more than two (2) consecutive calendar days adjacent to Thanksgiving, winter break, or spring break.
  - (3)
    - (a) No more than five percent (5%) of the members may use unrestricted sick leave on a given day.
    - (b) No more than three and one-half percent (3.5%) of the members may use unrestricted sick leave on any Friday in April, May, or

June.

- (4) On days designated as District sponsored professional development days, not more than five percent (5%) of the members assigned to each school site or one member, whichever is greater, may use unrestricted sick leave days without pre-approval by the Superintendent/designee.
- (5) At least three (3) days prior notification for the use of unrestricted sick leave shall be required, except in an emergency.
- (6) Absence of a portion of a day up to one-half (1/2) shall be counted as one-half (1/2) day of unrestricted leave used. Absence beyond one-half (1/2) day but less than a full day, shall count as a full day of unrestricted leave used.
- (7) If, at any time in this contract, there is a significant increase in the number of members taking more than three (3) consecutive unrestricted leave days, the Superintendent has the option to convert 42.4(h) to the following in 8 below.

**Section 8 Below Applies Only if Superintendent Exercises Option Under 42.2(h)(7)**

- (8) “Up to five (5) days of sick leave per year are unrestricted and no reason need be given. Sick leave used on an unrestricted basis will be deducted from the member’s existing sick leave balance. Unrestricted days are subject to the following limitations.
  - (a) Unrestricted sick leave days shall not be used on the day before or the day after a vacation or holiday period except with the pre-approval of the Superintendent and the Association President. Each position on the salary schedule is determined by multiplying the base salary by the corresponding multiplier in the Certified Salary Schedule Index contained in Appendix B. For full salary schedule for each school year refer to Appendix C.

A. Ineffective Rating.

1. If a member's final rating (based solely on the evaluator's rating and not including student growth measures or calculations including value-added data) is determined to be "Ineffective," the member will not receive a step movement on the salary schedule for the following school year as a result of that evaluator's rating. A member so rated may appeal such determination by filing an appeal to the Superintendent within ten (10) calendar days of her/his receipt of their final rating for that particular school year. Thereafter, the Superintendent will promptly convene a review committee comprised of two (2) designees appointed by him/her and two (2) representatives appointed by the Association President. One (1) additional representative will be mutually agreed upon and selected by both the Superintendent and Association President for a total of five (5) committee members.

The review committee will determine whether the evaluator's rating was arbitrary, capricious or unreasonable. If the review committee determines by majority vote that the evaluator's rating was arbitrary, capricious or unreasonable, the member shall receive his/her experience credit for the school year in question for steps and movement on the salary schedule for the following year, but the evaluator's rating itself shall not be changed.

3. If the member is not satisfied with the decision of the review committee, the member, with concurrence of the Association, may appeal an adverse decision of the review committee by demanding final and binding arbitration of the dispute pursuant to Step IV of Section 13.3 of this Agreement within ten (10) calendar days of the committee's decision. The arbitrator's jurisdiction will be limited to determining whether the evaluator's rating in question was arbitrary, capricious or unreasonable. If he/she determines the evaluator's rating was either arbitrary, capricious or unreasonable the award shall give the member experience credit for a step movement on the salary schedule for the following school year, but the evaluator's rating itself shall not be changed by the arbitrator.

  - b. The Health Insurance Committee shall make recommendations about how to manage or reduce insurance costs if the total monthly family premium exceeds the limits listed in a above. The Health Insurance Committee may recommend changes in the health insurance plan or a reduction in the Board's contribution to the HSA in order to deal with a total monthly family premium cost exceeding those limits. In the absence of the Committee doing so, all the cost exceeding 86% of the total monthly family premium and 86% of the total monthly single premium of the above stated limits shall be borne by the employees. No plan design change may be recommended without the joint recommendation of both unions.

The Board may offer, or decline to offer the Health Insurance Opt-Out Plan ("Opt-Out Plan"). Any Opt-Out Plan will be communicated to the Members in sufficient time to permit members to enroll in the Opt-Out Plan and to re-enroll in the health insurance plan if Opt-Out Plan enrollment is insufficient to permit the Opt-Out Plan to be offered for that year. Members who accept the Opt-Out Plan will be bound to continue in the Opt-Out Plan for a minimum of one year, subject to the right to enroll in health insurance coverage in the event of a "qualifying event" entitling them to enroll in health insurance coverage mid-year.

59.8 Health Insurance Committee

A Health Insurance Committee shall be established and maintained with three (3) representatives appointed by each employee association and three (3) representatives appointed by the superintendent.

The purpose of the Committee shall be to make recommendations designed to optimize the quality of health care available to district employees and improve cost effectiveness of the health insurance program. Committee members shall review data, work with the District insurance consultant, collaborate on making recommendations for changes in plan design, review bids by insurance companies, and ultimately consider recommending plan changes to their respective constituencies.

The committee is not empowered to unilaterally make changes in health care benefits without ratification by the Associations and approval by the Board. The creation of the Health Insurance Committee does not diminish or in any way reduce the Board's and Association's rights or responsibilities.

WORTHINGTON SCHOOLS**

The District will adopt and implement a policy permitting the enrollment of bargaining unit member children in the schools of the District. Such policy will comply with R.C. Section 3313.64 provided, however, that the enrollment of bargaining unit member children will be subject to the following conditions:

- A. Enrollment will be permitted on a "space available" basis only. Space available means the school to which enrollment is requested ("Enrollment School") having classes which are not at optimum class size after taking into account the enrollment of: a) pupils residing in the Worthington School District and in the designated attendance area for the Enrollment School of attendance, b) pupils residing in the Worthington School District and eligible to

The determination of whether or not space is available shall be made by the District administration with appropriate input from building administrator(s) and shall not be subject to challenge through the grievance or professional concerns procedures.

- B. Bargaining unit members enrolling pupils under this agreement acknowledge and agree that the following provisions shall govern such enrollment:
1. No transportation shall be provided pupils enrolling under this provision, unless otherwise required by law.
  2. All pupils enrolling under this provision shall be subject to the Code of Conduct and other regulations of the Enrollment School.
  3. There is no guarantee that siblings seeking to enroll under this provision will be admitted to the same Enrollment School.
  4. There is no guarantee that enrollment will be continued beyond any year in which enrollment is approved.
  5. Athletic eligibility will be determined by the rules of the Ohio High School Athletic Association.
- C. Recognizing that the District will incur additional costs as a result of compliance with this provision, the Association agrees to pay to the District an amount equal to the annual sum of one thousand dollars (\$1,000) per school year for each pupil enrolled by a bargaining unit member ("Association Payment"). Association Payments will be made in three equal installments during the school year, upon invoice from the District Treasurer to the Association Treasurer. The District Treasurer will deduct Association Payments, at the written request of any employee, from the employee's payroll in the same manner as other payroll deductions and pay such deducted amounts to the Association. In the event that the District is determined to be ineligible to include the enrollment of bargaining member pupils in District ADM the District may, at its election: a) waive any provisions of this Section, and/or b) repeal the policy providing for the enrollment of employee pupils for whom state foundation funds are not provided as of the end of the school year.

### **HIGHLY QUALIFIED TEACHERS**

As used in this Article "highly qualified" means the qualification required by the No Child Left Behind Act as implemented through federal regulations and Ohio law and regulations.

The Board will use its reasonable best efforts to avoid assigning members who are not highly qualified to positions for which they are required to be highly qualified.

Members who are assigned to or serving in positions for which they are not highly qualified shall become highly qualified within two (2) years of notification through the self-reporting mechanism. The District will support that effort by prioritizing existing resources such as tuition reimbursement funds, fee waivers and professional development programs.

Members who are required to attain the highly qualified status with respect to more than one content area and who require more than two years to complete that process will be granted up to one additional year by the Superintendent upon demonstration of substantial progress as evidenced by either: (1) attainment of one or the required qualifications or, (2) reasonable assurance that all required qualifications will be completed within the additional year.

## APPENDIX D

### SEVERANCE CALCULATION UNDER RETIRE/REHIRE

In items 2, 3 and 8 regarding modifications to rights and benefits under the Master Agreement, Section 48.2 describes how the severance payment shall be calculated for re-employed retired staff members. Specifically, the Section includes the following provisions:

- (a) Any severance benefit associated with accumulated sick leave shall be calculated at the time of initial retirement and paid in accordance with the Master Agreement at the point when the re-employed member either: a) resigns, or b) is no longer under contract and will not be offered a contract to return for the following school year.
- (b) For severance purposes, there shall be no break in service for all re-employed staff members. Severance pay associated with years of service shall be calculated and paid in accordance with the Master Agreement at the time the re-employed member resigns or is no longer under contract to return for the following school year.
- (c) The re-employed staff member shall retain all accumulated sick leave earned during pre STRS retirement that is not included in the member's severance calculation. All remaining accumulated sick leave shall expire after severance is paid as provided in this Agreement.

Based on the provisions of Article 48.2 and the terms of Article 52 (Severance Pay) of the Master Agreement, severance pay will thus be calculated as follows:

#### Part I: Severance Pay Associated with Accumulated Sick Leave (52.1(b))

The member's per diem rate of pay at the time of initial retirement will be multiplied by one-fourth of the member's accrued and unused sick leave days to a maximum of fifty (50) days. This amount will be calculated and "banked" until the member resigns or is no longer under contract to return for the following school year.

#### Part II: Severance Pay Associated with Years of Continuous Service in Worthington (52.1(c))

##### A. Years of Service at the Time of Initial Retirement:

The member's per diem rate of pay at the time of initial retirement will be multiplied by the number of years of continuous Worthington service, over 10, up to 25-1/2 days. This amount will be calculated and "banked," along with sick leave severance above, until the member resigns or is no longer under contract to return for the following school year.

B. Years of Service at the Time of “Final” Retirement:

If the member had retired initially and had not been credited with 25-1/2 days in their severance calculation under II-A above, then any additional years of service accumulated after re-employment shall be credited to the member in accordance with Section 48.2 up to a total of 25-1/2 days, including those credited to the member at the time of initial retirement. When the member resigns or is no longer under contract to return for the following school year, eligible additional years of service beyond the time of initial retirement will be calculated based on the member’s daily rate of pay at that time. This will be added to the severance previously calculated and “banked” above, and then paid to the member in accordance with the Master Agreement.

EXAMPLE:

John Smith retires with 250 days of accumulated sick leave and 20 years of continuous service in the Worthington Schools. His per diem rate of pay at the time of retirement is \$404.50. He is re-employed under the terms of the Memorandum for one additional year and then resigns at the conclusion of that year. His per diem rate of pay at the time he resigns (at step 10) is \$322.81. Severance pay is calculated as follows:

I. Sick Leave Severance:

200 days x 25% x per diem = 50 x \$404.50 = \$20,225 (payment deferred)

*(Note: Remaining sick leave balance of 50 days not used toward above calculation carries over.)*

II-A. Years of Service Severance at Time of Retirement:

10 years x 1.5 days x per diem = 15 x 404.50 = \$6,067.50 (payment deferred)

II-B. Years of Service Severance at Time of “Final” Retirement:

1 year x 1.5 days x per diem = 1.5 x 322.81 = \$484.22 (added to I and II-A and paid at this time)

(Note: Because he was credited with 15 days at the time of initial retirement, the maximum number of days that could be used in this calculation would be 10.5.)

<u>TOTAL SEVERANCE PAYMENT:</u>	20,225.00
	+ 6,067.50
	+ 484.22
	<u>\$26,776.72</u>

## APPENDIX H

### WORTHINGTON BOARD OF EDUCATION POLICY OHIO TEACHER EVALUATION SYSTEM

A determination of the efficiency and effectiveness of the teaching staff is a critical factor in the overall operation of the District. District Administrators evaluates teachers in accordance with State law and the standards-based statewide teacher evaluation framework adopted by the State Board of Education.

The Board directs the Superintendent/designee to implement this policy in accordance with State law. In the Worthington Teacher Evaluation System (WoTES) there are two components: Teacher Performance on Standards and Student Growth Measures. For details on specific areas such as Student Growth Measure, Rating and Evaluation Matrix, please refer to the Worthington Teacher Evaluation System (WoTES) Document.

Notwithstanding Ohio Revised Code Section 3319.09, this policy applies to any person employed under a teacher license issued under RC Chapter 3319, or under a professional or permanent teacher's certificate issued under former Section 3319.222, and who spends at least 50% of the time employed providing content-related student instruction. This teacher evaluation policy does not apply to substitute teachers or instructors of adult education.

#### Credentialed Evaluators

Evaluations carried out under this policy are conducted by persons holding evaluator credentials established by the Ohio Department of Education. Evaluators must complete state-sponsored evaluation training and pass the online credentialing assessment. The Board expects Worthington Administrators to achieve and maintain credentialed evaluator status with the Ohio Department of Education. The Board adopts a list of approved credentialed evaluators chosen from the Ohio Department of Education's list.

#### Effectiveness Rating

Teachers are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. This rating will be determined based on teacher performance and student growth measures.

Annually, District Administrators submit to the Ohio Department of Education the number of teachers assigned an effectiveness rating.

#### Teacher Performance Calculation

Teachers are evaluated via two formal observations and periodic classroom walk-throughs. The teacher performance measure is based on the Ohio Standards for the Teaching Profession.

The Superintendent/designee selects/develops evaluation tools to calculate teacher performance.

The Board directs the Superintendent/designee to develop procedures for these evaluation tools.  
Student Growth Calculation

For the purpose of this policy, student growth means the change in student achievement for an individual student between two or more points in time. Student growth is evaluated by a combination of: (1) Value-added data or an alternative student academic progress measure if adopted under RC 3302.03(C)(1)(e); (2) ODE-approved assessments and/or (3) Board determined measures.

Students with 45 or more excused or unexcused absences for the school year will not be included in the calculation of student academic growth. Data from Board-determined multiple measures will be converted to a score of: (1) Above, (2) Expected or (3) Below student growth levels.

#### Professional Growth and Improvement Plans

This policy reflects the requirement to implement a state board approved standards based framework for evaluation of teachers pursuant to section 3319.112 of the Ohio Revised Code. Each teacher will be evaluated according to Ohio Revised Code and the Evaluation Framework which is aligned with the *Standards for the Teaching Profession* adopted under state law.

#### Evaluation Timeline

District administrators evaluate teachers in accordance with ORC 3319.111 and 3319.112. Evaluations include two formal observations at least 30 minutes each and periodic classroom walk-throughs. Teachers, who are on limited or extended limited contracts pursuant to State law and under consideration for nonrenewal, receive at least three formal observations during the evaluation cycle.

All teacher evaluations are completed by May 1. Teachers evaluated under this policy are provided with a written copy of their evaluation results by May 10.

District Administrators will evaluate teachers receiving effectiveness ratings of Accomplished on those teachers' most recent evaluations carried out under this policy at least every three years. The Board will evaluate teachers receiving effectiveness ratings of Skilled at least every two years. Evaluations conducted under this policy are completed by May 1 of the evaluation year. Teachers evaluated on a biennial basis are provided a written copy of their evaluation results by May 10 of the evaluation year.

#### Testing for Ineffective Teachers in Core Subjects

Beginning with the 2015-2016 school year, teachers of core subject areas, as defined by State law, who have received a rating of Ineffective for two of the three most recent school years must register for and take all written examinations of content knowledge selected by the Ohio Department of Education.

### Retention and Promotion

District Administrators use evaluation results for retention and promotion decisions. The Board adopts procedures for use by District administrators in making retention and promotion decisions based on evaluation results.

The Board and administration shall not base a decision to nonrenew, terminate or deny a continuing contract to a teacher based on value-added data or other student growth measures prior to June 30, 2016. Furthermore, such decisions will not be made on any individual member without a minimum of three years of student growth data for that member.

### Poorly Performing Teachers

District Administrators use evaluation results for removing poorly performing teachers. The Board adopts procedures for removing poorly performing teachers based on evaluation results.

### Professional Development

The Board allocates financial resources to support professional development in compliance with State law and the State Board of Education's evaluation framework.
