

## What do the Academic Intervention Assistants do?

- One-on-one explanation of subjects and assignments
  - Walk-ins to room 209
  - Classroom teacher referrals
- Relationship building with individual students to achieve their learning targets
- Test Review and preparation
- Monitor students' academic progress on Infinite Campus
- Administer make-up tests
- Help students with test corrections
- Ohio Graduation Test (OGT)
  - Test preparation and practice, including test-taking skills
  - Analysis of test results for intervention strategies
- Response To Intervention (RTI) reading and math readiness exercises, analysis of results
- Administer tests out of the classroom for IEP/504 accommodations or student absences
- Help students research assignment topics online or in print
- Edit written assignments for grammar and syntax
- Monitor Teaching and Learning academic prep
  - Attendance and tardy reporting
  - Frequent interaction with individual students
  - Provide an opportunity for students to improve performance

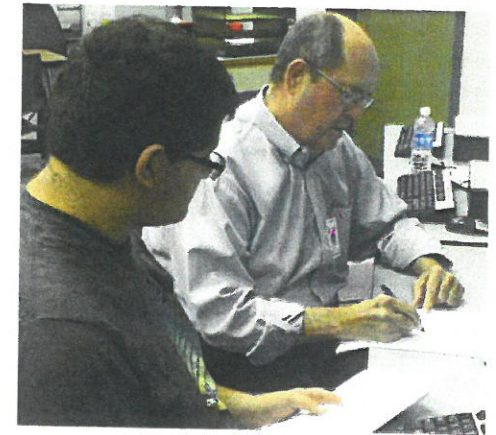

**All Academic Intervention Assistants work with students on their organizational skills, study techniques, and assignment punctuality.**

**We look forward to meeting and working with your student!**

## Meet the Academic Intervention Assistants!

### Weezy Elliott (English)

Ms. Elliott has been the English Intervention Assistant at WKHS since 2004. She assists students with the English curriculum, including composition, literary analysis, and grammar review. Ms. Elliott prepares students for the Ohio Graduation Test (OGT) and provides remedial instruction for students at risk for failing the OGT after the first attempt. In addition, she provides support to English Language Learners across the curriculum. Ms. Elliott also works with the Intervention Assistance Team to help identify, construct plans for and follow up with struggling students.

Ms. Elliott earned her BA degree from Rhodes College in Memphis, Tennessee and her Education degree from the University of Arizona.

### Kim Troutner (Science)

Mrs. Troutner is the Science Intervention Assistant. She works with students one-on-one and in small groups to support classroom instruction. Mrs. Troutner helps students with homework assignments, worksheet completion, problem solving, and review of data collected in labs. Students who miss class and need to make up work come to her for help, as well as students who need additional explanation of key science concepts. She also provides instruction to students taking and retaking the Science OGT. Mrs. Troutner earned her BS in Biological Science Education from Miami University.

### Kelly Stork (Social Studies)

Ms. Stork is the Social Studies Assistant. She works individually with students as a supplement to classroom instruction. Ms. Stork coordinates with the Social Studies teachers to provide additional support in explaining content, themes, and concepts as well as preparing the students for the History portion of the OGT. She received her Bachelor's degree in History from The Ohio State University and attended graduate school at the University of Dayton, where she received her teaching license. Ms. Stork worked at the Dayton Early College Academy before joining the staff here at WKHS.

### Greg Freisner (Math)

Mr. Freisner is the WKHS math Intervention Assistant, and helps students with their daily math assignments. He reviews concepts with them in algebra, geometry, and trigonometry, and explains basic math problems for students who need additional help in completing their homework. He also helps students prepare for the OGT math test. Mr. Freisner has been at Kilbourne for eight years, and has a BS in computer science/engineering from The Ohio State University. He worked in technical sales and engineering support for equipment manufacturing companies for over 20 years, and taught math at a private school before joining WKHS.
